Vol. 25 No. 46 GREENBELT, MARYLAND Thursday, June 22, 1961

## How to Vote, How to Run In City Council Elections

Do you know someone you think should be on the Greenbelt City Council? Would you yourself run for the office? What do you need to do to get the person of your choice on the city's governing body? For that matter, how do you qualify to vote?

Here are the regulations for citizen participation in Greenbelt City elections as explained by City Clerk Winfield McCamy: Anyone who is eligible to vote in Greenbelt City elections is eligible to run for one of the five seats on the city Council. ELECTION DAY is September 19, 1961; the term of office is two years.

### REGISTRATION

REGISTRATION DAY for voters is ANY DAY, from 8:30 a.m. to 4 p.m.--just go to the city offices and sign up with Mrs. McCamy. If your work during the day and can't register then, wait until special registration days are announced later in the summer. During special registration days Mrs. McCamy will sign you up during the evening.

Once you have registered for Greenbelt elections, you need not register again as long as you live here continuously, provided you have voted in at least one of the two previous city elections. If you've never registered here, or if you moved out of town and then moved back, or if you missed voting in two elections, it will be necessary to register again under the same provisions for eligibility.

### ELIGIBILITY

To be eligible to vote in Greenbelt council elections you must be a citizen of the United States, at least 21 years of age, must have lived in Greenbelt at least six months and in the State of Maryland at least one year immediately preceding the election. Employees of the U. S. government, residing in Greenbelt, are eligible to vote in the city election and to run for city council posts, even though they normally vote in another state for state and national elections.

If you--or your candidate--are eligible to vote, here's what must be done to get a place on the ballot for City Councilman: 1-Get at least 43 and not more than 71 qualified registered voters to sign a nomination petition. You may use your own petition form, or get some from Mrs. McCamy; she also has an information form that will be helpful. You may use one sheet of paper or several.

2-Submit the signed petition to her (together with a \$3 filing fee) not earlier than July 21, and not later than August 21. Mrs. McCamy will check the petition for valid signatures. Only registered voter's signatures are valid, and a voter may sign only ONE nomination petition even though he may vote for five candidates. Therefore, Mrs. McCamy will disqualify a voter's signature on the second and all subsequent petitions she receives on which it appears.

This means a voter should think twice before signing a nomination petition for someone he isn't really eager to back; it would make him unable to nominate someone else. This also means that the candidate (or the backers of a candidate) who file their petitions with Mrs. McCamy early in the July 21 August 21 period

## Special GHI Meeting Called for Tuesday

A special meeting of the Greenbelt Homes, Inc. board of directors has been called for next Tuesday, June 27. An early starting time of 7 p.m. has been set.

The following committees were designated at the June 8 meeting of the Greenbelt Homes, Inc. board of directors: Joint GHI-city--Hans Jorgensen, Henry Brautigam, and Ed Peters; Finance--Lloyd Moore, Joe Compton; Landscaping--Jorgensen; Lane use--Brautigam; Membership insurance--Compton; Personnel--Frank Lastner, Harry Zubkoff, and Allan Morrison; Bordenet resolutions committee--William Helm.

The last committee was set up to consider the proposals made by Bernard Bordenet at the annual membership meeting for reaffirmation of membership rights.

Two other committees will be organized at the next board meeting. These are the fine arts commission and the membership information committee. The former body is expected to advise on board policy and standards with respect to such matters as uniformity of paint, fences, and additions, and perhaps also to serve as adjudicators in cases of disputes between members and the board. GHI board members will select the committee from a list of names submitted by each director.

will have more time in which to get additional signatures to invalidate the petition.

Mrs. McCamy asks that married women signers of petitions use the form Mary Doe, not Mrs. John Doe. Her records show them as Mary Doe and if Mrs. McCamy doesn't recognize the name in its married form, she may not be able to check and accept it. With many new people in town she doesn't know, she must rely on her records in many cases.

3-Within 7 days of filing of a valid petition, Mrs. McCamy notifies the candidate. He then has 7 days within which to notify her he accepts the nomination. (In some cases, petitions are circulated without the candidate's say-so.) The ballot carries all persons nominated this way. But you can write in when you vote.

That's all there is to it. September 19 there'll be an election. If five candidates fail to win a majority of the votes cast, there will be a run-off election 7 days later. In the second election there shall be printed on the ballot twice as many names as there are positions to be filled, from the remaining candidates polling, in order, the largest number of votes in the first election. In this election the remaining positions shall be filled by declaring elected the several candidates polling the largest number of votes.

Council usually elects as mayor the candidate who got the most votes.

## Swimming Class Registration

The registration for the first session of swimming lessons will be held on Monday, June 26, at the Youth Center, from 9 to 11 a.m. Children must be six years of age to register.

If you have joined the Pool Family Plan, there will be no charge to register. This does not give any priority at registration.

Rates other than the family plan are \$2 per person and \$3 for two or more in the same family. If you have joined the family plan and did not receive a swim card, just bring your tag to registration and have your name checked.

Persons joining the Family Plan before July 1 may still receive freestyle lessons for the two remaining sessions. There will be two more registration days during the summer.

## Young Greenbelt Poets Publish For Third Year

Writing verses and having them published is growing to be an established tradition for Greenbelt youngsters who are members of the poetry club sponsored by Prince Georges County Memorial Library at its Greenbelt branch.

For the third consecutive year these young authors have produced a booklet of verse published by the county library. Last week at a special ceremony at the library, Mrs. Marjorie Muir, Greenbelt librarian and founder of the poetry club, presented members with copies of the 1961 anthology.

"It's a little thicker than last year and we hope the quality is better than ever," says Mrs. Muir who makes it a firm rule to choose poems for publication democratically.

To be eligible to have poems appear in the anthology, a child must attend the club meetings regularly. The group meets every two weeks for 12 sessions during the school year.

Each meeting follows the same pattern. The first half hour is devoted to reading aloud from recognized poets, playing recordings, or watching films

## Council Insists on Controls In Rezoning Kenilworth Strip

By ISADORE PARKER

The city council at its meeting Monday night served notice that it would not approve without controls a request to rezone from RPC to I-1 the eight and a half acre strip of land between Edmonston and Kenilworth Avenue, north of Greenbelt Road, which is desired as a site for an electronics plant. The council approved the adverse recommendation of the city advisory planning board and voted to deny the petition for rezoning at the present time.

## All Star Game

Sunday, June 25, at 2 p.m. at McDonald Field, the managers of the Greenbelt Little League will uncork their version of the All-Star game when the American League All-Stars meet the National League All-Stars in the eighth annual game.

Both managers are looking forward to another cliffhanger. Last year the National League won 1 to 0. Lonnie Palmer, manager of the National League, will be banking heavily on the tossing of his ace pitchers, A.J. Nuzzo of the Tigers, Vaught and Figlia of the Lions, along with 13 other stars from all teams.

Ray Hudson of the American League will rely on his aces, Feltner and Jones of the Giants and Moraz and Rogers of the Athletics.

However, the planning board suggested that the Council should "consider favorably" the rezoning request if the petitioner guaranteed that the Kenilworth strip, whether developed for industrial or commercial uses, would be in harmony with the surrounding area and would be used for the purpose indicated. The council moved to set up a meeting with the planning board, council, petitioners and other interested parties.

According to the council, the applicant for rezoning has indicated that a modern electronics plant will be built on the site, which is opposite the junior high school. RPC, the present zoning (rural planned community), permits single dwellings, whereas I-1 (light industry) permits commercial as well as light industry. Several years ago, the council disclosed, the entire tract surrounding the junior high was zoned I-1, and later rezoned for low density apartments (the Perkins development). Several parcels of I-1 still remain, among them the Betway Plaza site.

The planning board and the council both indicated that the additional revenue in taxes and the employment opportunities to residents would be attractive, but the risk of rezoning without any guarantee that the structure proposed would be built loomed large in their consideration of the petition. The planning board proposed a new application be submitted and, that the land occupied by the building alone be considered for rezoning, rather than the entire tract.

Planning board member Jack Downs urged the council to press for a revised "master plan" for Greenbelt so that future applications could be considered in relation to a realistic land use map. The present master plan, Downs said, has the majority of land in the lowest possible zoning categories, and future revisions may not always be in the interests of good planning.

CHASANOW PARKING REQUEST  
Fledgling lawyer Howard Chasanow pleaded his father's case before the council requesting that permission be granted to break the curb for four parking spaces adjoining the Greenbelt Realty company office on Park road. He gained nothing but experience when the council turned the request down.

The decision followed a recommendation from the planning board to deny the request. The board cited the oral recommendations of various highway experts consulted by the board, which indicated poor sight distance, narrow pavement, high traffic count, and future increased traffic when additional parking behind the food store is added.

Chasanow, the younger, argued that the traffic count is heaviest when the office is least busy, noting that most office business is done during light shopping periods. The average speed was 10 miles an hour, Chasanow declared, citing a report of a county expert, and this diminished any traffic hazard.

The provision of additional parking (which the city needs) the willingness on the part of the petitioner to accept a degree of angular parking recommended, and the precedent of a similar

(Continued on Page 4)

Mrs. Marjorie Muir, left, Greenbelt librarian and director of the Greenbelt poetry club hands a copy of the club's annual anthology to Ruth Amberg, first officer of the club as Benise Ungar, center, second club officer, and Elizabeth Nelson, third officer look on.

## Lions Install Officers, No Pedestrian Deaths Make Service Awards Here in Eleven Years

The 11th Annual Officer Installation and Service Awards Nite was held by the Greenbelt Lions Club Saturday evening, June 17. Lloyd L. Moore, club member and Deputy District Governor of 22-C Lions International, officiated in the ceremonies.

Charles M. Cormack, Sr. was installed as President of the Lions Club of Greenbelt to take office July 1. Lion Cormack pointed out that during the past year the Club has contributed greatly to the community through the sponsorship of youth activities, charitable contributions and assistance, recognition of students through various awards, and support of the District 22-C projects which included blood donor campaign, scholarship awards, and contribution to the Lion-operated Eye Bank at Walter Reed Hospital. King Lion Scott Sandilands presented a check of \$500 to the Eye Bank.

Charter members Henry Brautigam, Lloyd Clay, and J. Clyde Stripling were issued Monarch Awards by Lions International for their ten years of continued service to the Greenbelt Lions Club. Lion Emory Harman was presented the Master Key Award by Lions International for his successful work in Lions Club membership.

Greenbelt, with eleven years of no pedestrian deaths, was awarded a special "No Death" certificate in the 1960 American Automobile Association Pedestrian Protection appraisal, it was announced today by John W. Childress, Manager of the D. C. Division, AAA.

The Pedestrian Protection Program has for more than 20 years awarded citations and other awards to cities in several size-classes throughout the nation for their efforts to reduce pedestrian accidents and fatalities. Entries are judged on the basis of six areas affecting the total pedestrian safety picture, Childress said. The categories are: accident records and uses; legislation and enforcement; engineering; organization; school traffic safety; and public information and education.

In southern Maryland awards in the competition also went to Hyattsville, with nine deathless years; Mr. Rainier, with two "no death" years, and to Takoma Park, with three years in which no pedestrians were killed. With one year each with no pedestrian deaths, College Park, District Heights (which also had no pedestrian injuries last year), and Laurel received "No Death" certificates from the AAA.

## Siren Notes

BY RITA FISHER

June 13

Things seemed fairly dull as far as calls were concerned this past week. All calls made by the fire-fighting equipment were of very little news value. The Rescue Squad did help bring another Greenbelter into the world by delivering the mother-to-be safely to P.G. And a man on Northway, who was cleaning his radiator, was in need of help when the radiator cap flew off and some of the cleaning liquid splashed on his face and chest. The gentleman was able to grope his way into his home and stick his face in a tub of cold water in order to wash the burning fluid from his eyes. The Rescue Squad carried the man to the doctor's office.

I was down at the firehouse this evening trying to gather news when a call came in from the area of Seabrook acres and the boys were on their way. I sure would have liked to trail along to see just what was wrong but instead I did my duty and came down to the News Review office. Later I made an inquiring call to the firehouse and found out that the fire was at a controlled burning location but that a large area was thickened with the smoke coming from that area.

June 20

Well, the prime concern with most members of the Greenbelt Volunteer Fire Department at Rescue Squad is the upcoming

State Convention which is being held in Ocean City on June 22, 23, 24. Quite a few families choose this time to take their vacations there while others will be going for the three days.

Going to Ocean City this year will be a float on Fire Prevention which we hope will win some kind of recognition. Your reporter has been very personally concerned with this float since, as Chairman of the Committee on Fire Prevention and Safety in the Home, I have come to the point where thoughts concerning the float keep me awake nights. We've learned in the planning of this one that the next time, we will work months and months in advance. I can honestly say that almost everyone in the department has been helping and for this I wish to express my personal thanks. We hope to use the float in the Fourth of July parade in Greenbelt.

## Mrs. Miller

Madeline F. Miller of College Park, a former resident of Greenbelt, died on Friday, June 16, at Leland Memorial Hospital.

She is survived by her husband, Wendel E. Miller, three sons, Kenneth E., 6-F Research, Robert J. and Donald W. of College Park, two grandchildren, and seven sisters, all of the local area.

Funeral services were held on Monday, June 19, from the Gasch Funeral Home in Hyattsville, with interment in Fort Lincoln Cemetery.

## Excellent Coverage

May I congratulate you on your excellent coverage of two recent issues of major importance concerning Greenbelt Homes and the City budget respectively. Such timely and comprehensive reporting has no doubt contributed to the democratic, cooperative spirit of Greenbelt.

With the interest engendered in the 1962 budget, it might be well to discuss the 1963 budget and its various sub-topics. They would include: 1) services expected of the city, 2) just wages and suitable working conditions of city employees, 3) reasonable tax rates, 4) fair imposition of taxes, and 5) attractive inducement to future taxpayers.

Bill Phillips

## Frame Home Costs

TO THE EDITOR:

I would like to avail myself some space in the News Review in answer to a statement by the manager of G.H.L. in the G.H.L. newsletter. Subject: "Proof of the Pudding". Where the manager stated that the monthly charges went up 6.4% since 1953, I believe he mis-stated the facts and would like a clarification.

I believe he should let the members know that the maintenance charges in the frame homes have gone up every year in the past seven years, where maintenance charges have gone down in the original homes for the years when monthly charges were increased. I would like the manager to give the true percentage increase to frame homes and to original homes.

We should have the facts if we are to move ahead. If this trend of increased maintenance charges to frame homes continues, the monthly charges of the frame homes may be the same as for a home worth three or four times as much.

The Board of Directors should look to the future. I would like to recommend that the board get in touch with the city, county and state legislatures for approval of an Urban Renewal Program. We should have the right to go into this program whether or note we use it. Since the frame homes evidently are deteriorating so fast that the maintenance charges go up every year, it seems now is the time to start replacing these homes with the help of R.L.A. Why put it off until unhealthy living conditions develop? If R.L.A. will give us the market value of what we are paying taxes on, I believe it would be feasible to go into this program.

Frank E. Gonda  
51 G Ridge Road

## Fernen Aids Rescue Of Man in Sewer

Walter F. Fernen, 8 Orange Ct., was one of two District firemen who risked their lives recently in order to rescue a man who had fallen down a fifty foot sewer on the grounds of Georgetown University Hospital and was overcome by noxious gases and 125 degree heat.

The two men donned oxygen masks and were lowered into the hole, where they managed to get a rope around the injured man's arms. In only seven minutes, the victim was pulled out of the hole. By the time the two rescuers were drawn up to safety, their supply of oxygen had become exhausted. They were given emergency treatment.

Fernen is also a member of the Greenbelt Volunteer Fire Department and Rescue Squad.

## Mrs. Hurder

Mrs. Margaret Hurder, 17D Parkway, died on Tuesday, June 20, after a very brief illness. Mrs. Hurder had just celebrated her 66th birthday on June 13. Burial will be from the Russell A. Holmes Funeral Home in Lansford, Pa.

## Police News

A Peeping Tom was reported in the area of 41 Ridge on Wednesday evening but was gone when police arrived to investigate.

Complaints were received from residents of Hillside concerning a resident who was keeping five cats. Police talked to the resident but took no action in the matter since the owners announced that they will be moving very soon.

On Friday, police received a report from a resident of Hillside stating that a wheel and tire had been stolen. Since the resident kept his car locked when it was parked in Greenbelt, he stated that he thought the items might have been stolen while his car was parked at the Goddard Space enter.

A College Park resident complained to police that he put a duck in the Greenbelt Lake on Saturday and returned on Sunday to find that the duck had been killed by a .22 bullet.

A Crescent resident reported the theft of his auto tags some time between June 10 and 18.

## Babe Ruth Opener

The Babe Ruth League will open on Sunday afternoon with a game at 1 p.m. on Braden Field between teams sponsored by the Co-op and Tobacco Shoppe. This league is for boys between 13-15 years of age.

The Co-op team is captained by 15-year-old Sammy Miller, who will pitch Sunday.

## Rec Review

The Greenbelt Lassie League will open its season on Saturday with the Lions vs. the Indians at 10 a.m. and Athletics vs. Giants at 11 a.m. slow pitch league

On Monday night St. Hugh's defeated Co-op 13-5 to move into first place in the Men's Slow Pitch League. Boyer, Lagana and T. Canning slammed home runs to pace the St. Hugh's team.

Team Standings	Won	Lost

## Baptist Speaker

Two guest speakers will preach during the two worship services of the Greenbelt Baptist Church, Crescent and Greenhill, on Sunday, June 25.

Dr. A. E. Thompson, pastor of the Memorial Baptist Church, Maysville, North Carolina, will preach during the 11 a.m. morning worship service.

The speaker for the 7:30 p.m. evening worship service will be Charles Haynes of Kensington, Md. Haynes, a student at Eastern Baptist College, St. Davids, Pa., will return to college as the president of the student council. He is a pre-ministerial student and has spoken in a number of Baptist churches.

By ELAINE SKOLNIK (Granite 4-636)

Sometime in the very near future Mr. and Mrs. Hillegass, 4-D Gardenway, will be spending five wonderful days in Miami Beach, Florida. And all this came about because the Hillegasses had the lucky number in a recent drawing at Pen-Mar.

Glad to hear that five year old Joe Thacker, 4-G Gardenway, is doing so well after a tonsillectomy.

A very happy birthday to Susan Danahy, 10 Greenway, who celebrated her ninth birthday.

Taking turns at the lake last Monday, Tuesday, and Wednesday were Mrs. Yates', Mrs. Bowman's, and Mrs. LeMaire's kindergartners. Highlighting the picnics was the singing of "Happy Birthday" to all those youngsters celebrating birthdays in the good old summertime.

Congratulations to the following boys and girls who received awards in graduation exercises at St. Hugh's: Highest Average, Leander Aulisio, Christine Gallant; Religious Medals, James Rahtigan, Christine Plumer; American Legion, Michael Kerr, Betty Ann Polaschik; American Legion Certificates, Patricia Gonda, David Sarni.

Steve Mintz, 1-C Westway, was one of four High Point students working with physics teacher Robert Trumble to make a 200-power Newtonian reflecting telescope. Nearly forty hours of painstaking, after-school work was given to the construction. The telescope, valued at \$250, was donated to future High Point stargazers during senior night ceremonies.

Trackmen at High Point receiving medals for breaking High Point track records were Pete Dalton, four medals; Berny Emmert, two medals; Steve Kaufman, four medals; Dee Emmert, two medals; and Joe Rimar, a medal for two-mile relay.

Greenbelt's Mary Jo Jezierski, Marsha Mogel, Faye Miller, and Toni Dutton are among the majorettes selected to accompany the High Point Band for the year 1961-1962.

**Misquito Control**

The mosquito control truck will be spraying in Greenbelt every other Wednesday, beginning June 28.

**PAINTING** - Interior, exterior, free estimates, reasonable rates - C. H. Copeland - 18-C Ridge, GR. 4-6953.

**YOUNG MAN** working OCDM wants ride vicinity 17th and Pennsylvania, hours 9 to 5:30, call GR. 4-4321.

**CO-OP FRAME APTS. FOR SALE:** Lovely selection of 1-bedroom frame apts, some end units, some on 1st floor, with fully equipped kitchens, monthly charges from \$47.00 include heat, water, taxes principal, interest, insurance, major repairs, etc. GREENBELT REALTY CO., 151 Centerway - GR 4-5700.

Best wishes for a happy seventh birthday to Andrea Chisefsky, 4-J Gardenway. Several of her friends helped her celebrate at a luncheon last Saturday.

At North End's Class Day program on Tuesday, the following sixth graders received awards: American Legion, Elise Geller, Harold Goldberg, Honorable Mention, Phyllis Chasnoff, Kenneth Stair; Science Awards, Harold Goldberg, Elise Geller, Nancy Newkirk, Debby Wagner, Reba Schwimer; Perfect Attendance, Nancy Newkirk, Paul Chaney; Handwriting Award, Nancy Newkirk, Pam Day, Honorable Mention, Joe Jones, Reba Schwimer, Naomi Parker; Arithmetic Award, Phyllis Chasnoff, Honorable Mention Susan Weber. Fifth graders Robert Cassels and Vaccav Majer were selected to attend Patrol Camp.

Sonia Garin, 10-A Hillside, was delighted to see her good friend, Mrs. Eric Ast of Caracas, Venezuela, who visited on Tuesday. Mrs. Ast, on a world cruise, included Greenbelt on her itinerary.

So sorry to learn that Mrs. H. Garner, 46-G Ridge, was in an automobile accident. We wish her a quick recovery.

The members of the Board of Directors of the Woman's Club of Greenbelt enjoyed a delicious dinner at the home of President C. Wayne Tucker, in College Heights Estates on Monday. On Saturday twelve members of the American Home Department of the club were treated to breakfast at the home of Mrs. Henley Goode, 23-P Ridge.

A speedy recovery to Mrs. Marie Coleman, 5-B Eastway, who was recently hospitalized at Prince Georges Hospital.

**Kathleen Madden  
Honor Graduate**

Miss Kathleen J. Madden, 110 Northway, daughter of Mr. and Mrs. Anthony M. Madden, graduated June 4 from the Catholic University, Washington, receiving a B.S. Nursing Degree "cum laude." Kathleen, who has been on the Dean's List consistently for four years, was named to Who's Who in American Universities and Colleges. She is a member of Sigma Epsilon Phi (campus women's honorary society for extracurriculars and scholarship), Sigma Theta Tau (national nursing honorary society) and a recipient of a sorority award (Columbia Club) for outstanding senior.

Aside from her many scholastic honors, Kathleen was a member of the student council for two years, class officer for two years, sodality member, a member of the Cardinal (yearbook) staff, J.V. cheerleader, member of the Senior Week Executive Committee and member of the Columbian Club Sorority during her third and fourth years.

Kathleen plans to work this summer in the children's ward of Providence Hospital. Eventually, she expects to specialize in psychiatric nursing with children.

**Mrs. Chasanow Gives  
Talk To Realtors**

At the Maryland State Conference of Real Estate Boards held in Ocean City June 15-17, Mrs. Helen Chasanow, local realtor and area governor for the State of Maryland of the Women's Council of the National Association of Real Estate Boards, addressed the realtors and outlined plans for the formation of Women's Council chapters throughout the State.

Women's Council membership is held by outstanding women realtors throughout the county.

At a luncheon meeting held last week at the Prince Georges County Country Club, Mrs. Chasanow, local broker, announced that Prince Georges County will have the honor of forming the first formal chapter of the Women's Council in Maryland. Previously, Prince Georges and Montgomery Counties have been part of the Washington Area Women's Council.

**Rezoning**

(Continued from Page 1)  
parking area now permitted behind Tanners' cleaners were cited by Chasanow as reasons to grant the permit. In addition, Chasanow declared, the permit would make it unnecessary for the office to use for parking the space in front of its office, now also used as a walkway by children going to school.

The motion to deny the permit was passed unanimously, with Mayor Alan Kistler and Tom Canning, councilman, absent. Bruce Bowman chaired the meeting.

Another **YELLOW PAGES** Success Story  
"Our Yellow Pages advertising gives us the most results for our money!"  
says T. J. Fannon, Manager of Thomas J. Fannon & Sons, Alexandria, Virginia

"Our firm started as a general store in 1885," T. J. Fannon recalls. "We did well over the years, but in 1933 we decided to specialize in the new field of residential heating fuels and equipment."  
"As heating, air conditioning and water heaters became available, we specialized in them, too."  
"Advertising is pretty vital to our firm. And we've always known that our Yellow Pages advertising gives us the most results for our money."  
"To give you an idea of how effective our Yellow Pages advertising is, we can trace sales ranging from \$1,200 to \$1,400 to our Yellow Pages advertising."  
Your Yellow Pages advertising can more than pay for itself with the first sale it brings you.  
The reasons are clear. The Yellow Pages take your message to virtually everyone in your trade area. And your message is always timely. Your prospects find you fast the moment they need your product or service. Many companies estimate that as much as 75% of their new business comes from their Yellow Pages advertising.  
Invest in success with Yellow Pages advertising. Call your C & P Business Office and ask for one of our Yellow Pages representatives, soon.
