Petition of GHI Members Seeks New Vote On Elderly Housing

by AL SKOLNIK

A petition with the necessary 50 signatures was presented to the Greenbelt Homes, Inc. board of directors last Thursday, April 26, calling for a referendum on the housing for the elderly project to be held in conjunction with the annual membership meeting on May 16 - 17.

The board decided not to take action on the petition until it had received legal opinion as to whether a referendum question could be added to the election ballot. Article V, Section 1 of the by-laws states that "during the recess (of the evening meeting) no business shall be transacted other than the election (of directors)." Article V, Section 8, however, states that "fifty members by petition may cause a referendum to be held on any question which may be considered by the membership."

The membership at a special meeting on November 30, 1961, approved the elderly housing project, 49-39, after receiving a detailed favorable report from a specially organized committee chaired by Charles Schwan.

Reasons for Petition

The petitioners, led by Joseph Cherry and William Helm, and supported by board member Joe Compromi, argued (1) that the number of votes cast in favor of the proposal (49) cannot be construed as reflecting the sentiment of 1,500 members and that the broadest possible base for sampling membership opinion should be used — namely, the annual elections which generally attract 400-500 votes;

(2) that a \$400,000 project such as elderly housing, having some limited financial risk for GHI, should have the support of a clear-cut majority of the membership; and (3) that while repetitive elections on the same topic would be disruptive for the conduct of ordinary GHI business, this is not the case with respect to the housing project which is an extracurricular activity, not vital to GHI operations.

Opponents of Petition

Board members were generally not sympathetic to the petition. GHI president Ed Burgoon spoke for the majority when he pointed out that a thorough and exhaustive review of the housing project has already taken place. The Schwan committee, he said, spent several months on the project and after conducting several public hearings which all members were invited to attend and express their views, made a favorable report to the membership. In addition, two membership meetings were devoted to explaining and answering questions on the project. And finally an open membership vote was taken after all viewpoints were presented and given wide publicity.

"Presumably," Burgoon stated, "the members who attended the November meeting were those who were interested in the project and had studied its pros and cons. It must be presumed that the members who did not attend were quite willing to accept the decision of those who did attend." How many elections can you hold on the same topic, he asked, and which one will you accept as representing membership opinion?

Director Harry Zubkoff concurred with Burgoon and charged the petitioners with using spurious reasons to justify another election. "I fully respect your right to continue to oppose the elderly housing project," he told the petitioners, "but don't come up here and tell us you want another election because the turnout was small or the margin of decision was narrow. Suppose another election produces a similar turnout and close vote. What then?"

GHI Approves Three Bordenet Proposals

The Greenbelt Homes, Inc. board of directors decided at its regular meeting, April 26, to approve three of the four recommendations made by the Helm committee on the Bordenet-proposed resolutions. The fourth recommendation concerning board authority to expend funds was unanimously disapproved and this recommendation will now come before the membership for final decision at the annual meeting on Wednesday, May 16.

The areas of agreement concerned the compilation and issuance of rules and regulations and the need for determining the cost basis of the processing fee charged for transfer of mutual ownership contracts. GHI manager Paul Campbell told the board that a preliminary estimate of the unit cost of the transfer operation, including all overhead, was \$97. A more detailed financial statement will be furnished the membership at a future date.

Storage in Basements

Another area of agreement concerning the use of basements for storage purposes. The board directed management to make such areas accessible to the members on whose property the basement entrance stands, provided a legal certificate of member responsibility could be developed and provided items for storage met insurance requirements.

The recommendation not agreed upon concerns a by-law change proposed by the Helm committee which would place dollar limits on board expenditures for civic and philanthropic matters and for projects relative to the development of vacant land, improvement of the homes, and planning purposes. Unless there is prior membership approval, the dollar limits would be \$600 for civic affairs and \$1,000 for land development.

Ample Authority

The Helm committee felt that its proposed change was a liberalizing amendment since in its opinion the present by-laws do not give clear-cut authority for expenditure of non-housing items. The GHI board, however, preferred to rely on the opinion of its own counsel that the present by-laws already give the corporation ample authority to expend such funds and that any dollar limitation simply ties the board's hand unnecessarily. GHI management also interprets the proposed by-law change as being more restrictive with respect to expenditures for housing purposes.

Enroll First Graders

First grade registration will take place tomorrow, Friday, May 4, at North End and Center Schools from 9 to 11:30 a.m. and 1 to 3:15 p.m. Birth certificates are required. Parents are urged to bring immunization records.

City Seeks Applicants For Recreation Posts

City Manager Charles McDonald is engaged in a wide search for applicants for the vacant post of city recreation director and the new full-time post of assistant recreation director recently established by the city council. Richard Stevenson, who is under consideration for the top post, will continue

Police News Review

All boating on the Greenbelt Lake is restricted to the use of Greenbelt residents only, who must obtain a permit from the Greenbelt Police office. Non-residents or those without permits will be restricted. Life preservers must be worn by all persons using the boats on the lake.

The number of "noisy neighbors" complaints have been on the increase with the coming of warm weather and the opening of windows. Residents are advised to consider those living nearby when they are listening to radio, television, or records.

Three juveniles were apprehended in the act of letting air out of three tires last week. The names of these youths have been recorded on J-1 cards, a file kept on juveniles who have come to the attention of the police.

A teen-age boy informed police that his wallet was lost while he attended a matinee performance at the Greenbelt Theater, on Sunday. The wallet, minus the money it was claimed to contain, was later found in a trash can in the rest room.

There were three reported dog bites last week. One incident involved a large German shepherd who jumped a fence and bit a three-year old girl on the body, leaving very visible teeth marks.

Two youngsters were caught by police for setting a fire in the woods. The children were turned over to their parents' custody.

to serve as acting recreation director until the positions are filled.

As a result of the decision to convert the job of assistant director into a full-time job, the present post of teen club director, which has been held by Joseph O'Loughlin ever since the Youth Center opened, will be abolished. O'Loughlin is eligible for the new job but would have to leave his present full-time teaching post at the North End School. Members of the city council and the Teen Club Advisory Board, met with members of the Teen Club Monday night to explain the new positions.

Both men and women are being sought for the two positions, according to McDonald, who noted

New Look for News Review With Return to Letterpress

The Greenbelt News Review, after publishing in the photo offset process for about a year and a half, returns to the letterpress process and its former printer, Allen Printing Service, Hyattsville, with this issue. The change will permit the publication of a six-page issue when a heavy amount of advertising leaves too little space for news in a four-page issue.

Five New Candidates To Vie For GHI Board

Five new candidates have announced for the Greenbelt Homes, Inc. board of directors: William Helm, 21-J Ridge, Joseph Cherry, 13-F Laurel Hill, Joseph L. Fitzmaurice, 2-B Woodland Way, Bernard J. Fritz, 2-C Woodland Way, and Marjorie S. Bergemann, 3-D Crescent. The first four are running as a slate in opposition to the four incumbents Ed Burgoon, Hans Jorgensen, Lloyd Moore, and Henry Brautigam. Also on the challenging slate running for the audit committee are Bernard Bordenet, 1-D Gardenway, and Henry Lyons, 14-Z-3 Hillside.

The deadline for submitting applications to the nominations committee is this Sunday, May 6. Consent forms can be obtained from any member of the nominations committee or from the GHI office. Biographies must be submitted by Tuesday, if they are to be printed in next week's issue of the News Review.

Thereafter, any GHI member wishing to get his name on the ballot must submit a petition signed by at least 10 GHI members. These nominating petitions must be in the hands of GHI secretary Hans Jorgensen, 19-E Hillside rd., or the GHI office no later than Wednesday, May 9.

Members of the nominating committee are Beverley Fonda, Charles Schwan, Mat Amberg, Bruce Bowman, and Amos White.

The election will be held in conjunction with the annual membership meeting in the Center School Auditorium, Wednesday, May 16, starting at 8:15 p.m. The polls will be open throughout the meeting and during the next day from 7 a.m. to 7 p.m.

Proxy forms are available from the GHI office for any member who wishes to vote but will be unable to get to the ballot box. No member may vote more than one proxy. These proxy votes must be turned in to GHI secretary Jorgensen by midnight, Friday, May 11.

City Entrance Roads To Get Special Cleanup

A massive attempt to clean up the litter on the two main roads leading into Greenbelt will be made this Saturday, May 5, starting at 9 a.m., by the local chapter of the Isaak Walton League of America with the cooperation of Boy Scout Troop 202.

Using shopping bags provided by Peoples Drug Store, the group will start at the intersection of Greenbelt and Edmonston Roads. One group will proceed along Edmonston to Crescent Road and Northway, while another group moves down Greenbelt Road to Southway and Ridge Road. Then both groups will go to Greenbelt Lake Park to clean up that area thoroughly.

Although this technique has been tried by other Isaak Walton League Chapters, this is the first drive of its kind in Prince Georges County. The bags of trash will be collected by the city following pickup.

Parents to Study Teenagers

A group of local parents are forming a discussion group to study the problems of raising teenagers. The first meeting of the group will be on Tuesday, May 8, at 8:30 p.m. in the Co-op Hospitality Room (over High's). Specialists in the problems of adolescent teenagers will be invited to lead discussions promoting greater understanding between teenagers and their parents. Those desiring further information may telephone Mrs. Louise Daffron, GR 4-5054.

that he has received several applications from women in the Washington area. An applicant must have a college degree to qualify.

The photo offset process, while more economical in cost, used a rotary press which prints in multiples of four. Frequently in the recent past a jump to eight pages meant using a considerable amount of filler material with usually not enough advertising to cover the additional expense. As a result, the News Review in recent months has been forced to publish several four-page issues with only a small number of news stories.

"The board and staff of the News Review have steadfastly held to the policy that we are publishing a newspaper and not an advertising throwaway," stated Al Skolnik, president of the newspaper's editorial board. "We feel we have a responsibility to the community, which has loyally supported the News Review in the past, to publish a newspaper with enough room for important local news events and expressions of opinion. A 6-page paper will permit us to do this, while keeping costs within our budget."

One advantage the News Review will lose by switching from the offset process to letterpress is the ability to print pictures at a very low cost. Although the newspaper hopes to take advantage of the new inexpensive plastic engraving techniques, which will require a week for processing, fewer photographs will be used.

On the other hand, the editorial board felt that the letterpress process permits more attractive make-up and composition. A wider variety of type will be available for headlines and advertising copy. Aside from the choice of printing six pages, there will be more space available in a four-page issue since the columns are longer and metal type can be packed into a column more tightly.

News deadlines will remain the same as before.

Local 4-H Groups In PG Plaza Show

A large contingent of 4-H club members from Greenbelt will participate in the "4-H New Frontier Days" celebration at Prince Georges Plaza beginning May 8. Thirteen girls will compete in the finals of the County Style Review on May 11 while five 4-H girls and one 4-H boy will conduct demonstrations of their work May 8-11.

All 13 girls in the style review competed last Saturday with other 4-H girls from the northern part of the county, and all won blue ribbons or first place. On May 11 at 8 p.m. they will compete for Junior Grand Champion awards (under 14 years of age) and Senior Grand Champion awards (14 to 21 years of age). The style review will take place at the bottom of the stairway near Hecht's.

Representing Mrs. Helen Geller's Cloverettes Club in this group are Barbara Bowman (skirt), Barbara Geller (dress), Elise Geller (dress), and Debbie Wagner (skirt). Representing Mrs. Evelyn Simonson's Cloverbuds Club are Ruth Amberg, Holly Cormack, Beth Noll, and Phyllis Rosenzweig (all aprons), Kathy Ryan (blouse), Laura Simonson (pajamas), and Linda Simonson (shorts).

The demonstration schedule for local 4-H clubbers is as follows: May 8—Elise Geller at 7:30 p.m., Ruth Amberg and Cathy Ryan at 7:45 p.m.; May 9—Linda Simonson at 7:30 p.m.; May 10—Eva Garin at 8:30 p.m.; May 11—Bobby Casseles at 6 p.m.

New PTA Officers Installed

New officers of the Center School Parent-Teachers Association were installed at the regular meeting of the group on May 1. Mrs. Hannah Long, Center School principal, officiated at the ceremony. The new officers are President, Jean Miller; Vice President, Betty Allen; Secretary, Charlotte Berman; Treasurer, Mrs. Conway Marion.

Democracy Or Obstructionism?

A petition signed by at least 50 members of Greenbelt Homes, Inc., has requested that a referendum be held on the housing for the elderly project. The membership has already approved the project by a vote of 49-39 at a special meeting on November 30, 1961. The purpose of the petition is to give the GHI membership another opportunity to express their views on the subject.

We think this is a wonderful idea — for those who oppose an elderly housing project. After all, what have they got to lose?

The petitioners state that they are primarily dissatisfied with the small number of GHI members who voted on the issue. They are also disturbed by the slight majority who favored the project.

Let us assume that they have a valid argument. Suppose in a new vote the decision on elderly housing is reversed — again by a close vote with an equally small number of members voting. What is to prevent another group of 50 members from petitioning for another referendum? Perhaps GHI should adopt the World's Series approach, with the best four out of seven decisions determining the outcome.

The fact is that there is no legal or valid reason for holding another vote on this matter. We might be somewhat more sympathetic toward the idea if conditions had changed since last November or new facts had been brought to bear on the situation. As far as we know, nothing appreciably has changed — except that the machinery for planning the project has been set up and is functioning.

We ourselves would have preferred to see the GHI members make this decision by a more decisive margin and with a much larger number participating. The sad fact of the matter is that GHI members in general have for some years been content to permit major decisions to be made by a handful of members. Since the petitioners are fully aware of this situation, we cannot help feeling that their interest in seeking a referendum is not democracy but pure obstructionism.

Open Letter

To the Editor:

The speedy recovery in operations after our fire at the Greenbelt store was aided materially by the cooperation and effective efforts of our members and residents in the Greenbelt area.

I wish to take this opportunity to express, on behalf of the GCS Board of Directors, the deep appreciation felt toward the residents of Greenbelt for the effective assistance offered in so many ways during the emergency. In this connection the Board of Directors of Greenbelt Consumer Services, Inc., at its meeting on April 19, 1962, passed the following motion: "ON MOTION, Cooper/Rosenzweig, that the Board go on record expressing its appreciation to management, staff, and the delegation and residents of the Greenbelt area for outstanding performance following the emergency resulting from the Greenbelt fire, APPROVED UNANIMOUSLY."

Participation by members, as de-

monstrated through the Greenbelt Delegation, and the helpfulness of the residents in the Greenbelt area, is the true test of any organization. This evidence of interest and participation gives us a renewed feeling of confidence as we move ahead in our day to day operations.

Sincerely,

Benjamin Rosenzweig
President

Important Meeting

Letter to Editor:

Monday, May 7, 1962, there will be an important meeting of the Greenbelt City Council to discuss its proposed drastic personnel change of the Recreation Department. If passed, this will destroy the existing set-up of the Department and result in the loss of the positions of Mr. Joseph O'Loughlin, Mr. Richard Stevenson, Mr. John Hoffman, and other specialists in their respective fields of recreation. They will be replaced by two full-time directors who will attempt to undertake the duties of at least

Supports Plan

To the Editor:

I have read the proposal by Messrs. Helm and Cherry regarding placing the elderly housing question on the ballot in the forthcoming GHI elections.

A circular sent to GHI members to determine interest in this project brought twenty-three personal commitments out of a fifteen hundred person membership. Later, at a special membership meeting, forty-nine members, including directors favoring the project, elected to proceed with some preliminary steps at a cost not to exceed ten thousand dollars.

Mr. Burgoon and his associates believe the elderly housing project to be worthwhile and it well may be. But the eventual cost may exceed four hundred thousand dollars and the Board is proceeding with the voted approval of only one out of every thirty members. Placing this question on the ballot is the cheapest and most effective way of determining member sentiment on this issue. Surely the directors do not wish to deny their endeavors a broad base of popular support that could follow the adoption of the Helm-Cherry suggestion, and they will welcome this opportunity to allow the membership to fall in behind them.

Two other items in recent issues were of particular interest to me. First, I was surprised at the suggestion, and still more surprised at the rejection, of the idea of publicizing the salaries of GHI personnel. I do not understand the problem. Does some one or some group believe that our employees are either underpaid or overpaid for the work they do? Why the secrecy? We are a corporation, a large corporation; like all corporations, we need employees. I am employed by a corporation and would be shocked to find that anyone with a stake in the corporation could not find out my salary. This sort of information should be available to any member of any corporation. What makes ours different?

Second, I have noted the intention of the incumbent audit committee to run for reelection. This is a good thing, if they have a program they have been working on and wish to fulfill that program. However, individuals on that committee have run, and have been elected, time after time and year after year. Strangely, that is all they have done. An entire term of office might pass with no more than three, two or one formal meetings having taken place. Some years they have never met at all. The incumbent committee, perhaps, should inform the membership at the meeting regarding what they are hopeful of doing and what they have done in the last year, as well as how many meetings it took them to do it.

Sincerely,

B. J. Fritz

six presently employed recreation workers.

We, the youth of Greenbelt, believe that this will only result in confusion and inefficiency within the Recreation Department. Therefore, we strongly urge the youth of Greenbelt, their parents, and all others interested in preserving our present recreation program and its capable administrators, to attend this meeting and express their dissatisfaction with the proposed change.

Elaine Skolnik - GRanite 416060

George Newton and Al Skolnik's 583 score at last Friday's duplicate bridge session was sufficient to stave off the challenge of Pat and Howard Savage with their 550 score. Lucille and Lou Lushine finished third. Next game: Friday, May 11.

A get-well-quick to Gary Markley, 14-D Ridge, who has been ill.

It's a girl for Mr. and Mrs. Eugene Husik, 9-E Ridge. Lida made her debut on April 27, weighing 6 lbs. 2 oz. She joins a sister, Stephanie.

A very happy birthday to Danny Smith, 56-B Ridge, who celebrated his fifth birthday.

Best wishes for a happy birthday to Rachel Wagner, 2-D Northway, who will be nine years old on May 6.

Richard Day, fire control technician second class, USN, son of Mr. and Mrs. Carlton Day, 73-B Ridge, was aboard the attack transport USS Chilton, observed by President John F. Kennedy during his two-day visit on April 13 and 14, to the Atlantic Fleet in Norfolk, Virginia. Following the Presidential visit, the ship headed for Vieques, Puerto Rico, to take part in a three-week Navy Marine Corps maneuver.

Army Pvt. Leon C. Smith, whose wife, Diane, lives at 5-B Eastway, was recently assigned to the 1st Cavalry Division in Korea. Smith is the son of Mr. and Mrs. Carl D. Smith, 129 Greenhill.

Army Pvt. William J. Willis, son of Mr. and Mrs. Charles Willis, 59-B Ridge, recently completed a communication center operation course at the Signal Training Center, Fort Gordon, Georgia.

Clarence H. Copeland Jr., photographer's mate third class, USN, son of Mr. and Mrs. Clarence Copeland of 18-C Ridge, is serving

aboard the nuclear-powered attack aircraft carrier USS Enterprise. An anti-submarine warfare exercise and an aerial firepower demonstration by the Enterprise was observed by President John F. Kennedy during his recent two-day stay in Norfolk, Virginia.

Happy-happy birthday to Barbara Skolnik, 2-E Northway, who celebrates her fourteenth birthday on May 7.

Two tiny tots were discovered wandering about by themselves the other morning. A concerned passer-by stopped and asked them where they lived. The older of the children (about three years) said, "HOME", and by the "where else do you think I'd live?" expression on her face, I knew my query was a silly one.

A speedy recovery to Sterling Stratton, 3-R Research, who has been hospitalized.

Congratulations to Dennis Moore, 14-R Hillside, who was elected Vice President of his class for the coming term. Dennis is now a freshman at Frostburg State College.

A get-well quick to Paul Burkhardt, 2 1/2 years old, who recently underwent surgery.

Best wishes for a very speedy recovery to six-year-old Mary Ann Kistler, 7-B Crescent, who is in Prince Georges Hospital.

Mr. and Mrs. Lee Kohlafer, 22-E Crescent, proudly announce the arrival of a daughter. Kimberly Ann, a first child, weighed 6 lbs. 4 oz.

Congratulations to Davy Moore, 2-D Westway, who celebrated his seventh birthday last Saturday.

Better late than never. Congratulations to Linda Rousseau, 111 Northway, who represented St. Hugh's at the recently held Spelling Bee.

ANTHONY M. MADDEN on
"Best Buys" in Life Insurance

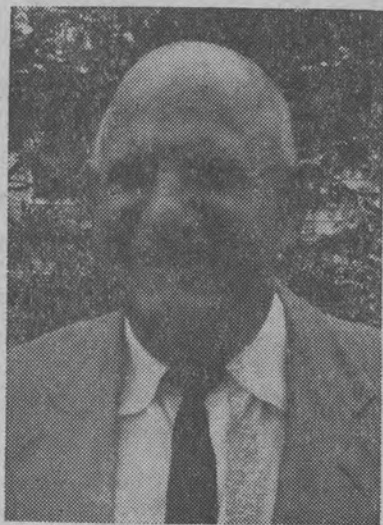

No such thing? Just ask any veteran who wisely kept up payments on his G.I. policy. Or, take a look at the group life insurance your employer offers. For the money, these are mighty hard values to beat. How about individual policies? They're all excellent buys—when they give you the right combination of protection and savings, and allow you to change this combination later on, if your needs change. For one thing, I'd suggest you deal with an agent who wants you as a long-term client—and speak with him frankly about your financial set-up. For another, do some comparison shopping, too. Enough life insurance can be a sizable item in your budget, and it's well worth knowing its principles—how it works, and why. If you'd like to know about Nationwide's life insurance plans, about our "quantity discounts," new dividend schedule, and other outstanding features, I'll be glad to give you the facts.

Your Candidates For GHI Board of Directors

JOE

CHERRY

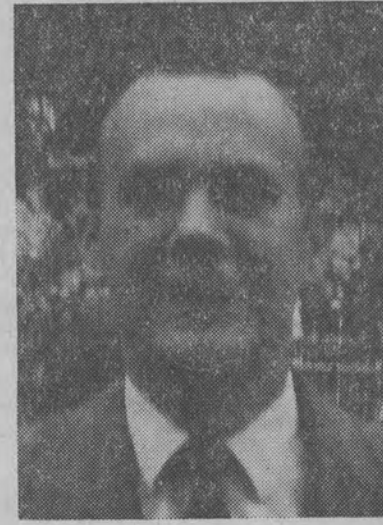

JOE

FITZMAURICE

JIM

FRITZ

BILL

HELM

Help us unseat the strongly entrenched incumbents on the GHI Board to make the operations of GHI responsive to the will and wishes of the community

We Pledge

1. To serve all the members of GHI by encouraging greater membership interest and participation in the affairs of the corporation.
2. To bring issues effecting the members' pocketbook before the general membership in a timely manner.
3. To operate the corporation openly. Where secret executive sessions are necessary, to publish to the members the results of such sessions, including the salaries of key officials.
4. To concentrate on operating our existing project efficiently, aiming at a reduction in monthly charges.
5. Recognition that Directors are elected to serve members rather than rule them. The appointed Management will be required to abide by this principle.
6. To establish a more businesslike and profitable sales department.

Vote For

JOE CHERRY, JOE FITZMAURICE, JIM FRITZ and BILL HELM FOR THE BOARD

We Also Solicit Your Votes For BERNARD BORDENET and HENRY LYONS for the Audit Committee
