New Office Park Buildings Will Impact Police, Traffic

by Diane Oberg

Traffic and police problems relating to the expansion of the Capital Office Park were discussed at the July 27 regular meeting of the Greenbelt City Council. The property is located west of Kenilworth Avenue between the State Highway Administration property and the Beltsville Agricultural Research Center.

Prior to the meeting council had been scheduled to discuss the proposed development with representatives of the office park. However, the developers withdrew their application. The city staff expects that a new hearing will be scheduled for October.

According to Celia Wilson, the city's Director of Planning and Development, the developer wants to subdivide the remaining property to allow construction of two eight-story and one twelve-story buildings, with a combined floor area of 568,000 square feet. The buildings would front on Cherrywood Lane.

Police Service

Wilson said that the city has discovered a serious shortcoming, from Greenbelt's perspective, in the Adequate Public Facilities (APF) guidelines used by the Maryland National Capital Park and Planning Commission in evaluating the impact of proposed developments.

According to Wilson, Park and Planning only considers county-run services, such as police, in evaluating development. As a result, since Greenbelt Police have first responsibility for responding to calls at the office park, Park and Planning gave no consideration to police capabilities resulting from the development. City Solicitor Robert Manzi told council that the law establishing the APF test does not prohibit Park and Planning from considering municipal services. The issue, he said, is one of policy, not law.

Wilson said that the city police force does not currently have enough officers to service the existing development, leading to serious problems if the policy is not changed. She estimates that the development, when completed, would require three additional officers.

Council unanimously approved sending a letter to Park and Planning Chairman John Rhoads, asking that the policy be changed to require his staff to consider the effect of development on municipal, as well as county, services. Copies of the letter will also be sent to various elected officials with influence on the commission.

Roads

Wilson said that Park and Planning is requesting that the developer provide approximately one-half million dollars worth of road improvements, when the first building is constructed. These changes include three new signals, one each at the intersections of Ivy and Cherrywood Lanes with Kenilworth Avenue and at the intersection of Ivy and Cherrywood Lanes. Addi-

tional traffic lanes on Kenilworth and Crescent, and restriping of Cherrywood and Ivy Lanes would also be required.

The timing and magnitude of the changes are being disputed by the developer according to Wilson. She said that the company is trying to cap the amount it is required to spend for the improvements and tie them to construction of the third building, not the first. Wilson feared that, since the roads are inadequate for peak traffic from the current development, delaying these improvements would lead to "serious congestion." In addition, the developer would not be required to make the improvements if the third building were not constructed.

She said that the additional turn lane from Crescent Road requested by Park and Planning is not designed to increase cut-through traffic. Instead, it will permit a shorter green cycle for Crescent Road traffic by permitting more cars to get through during a light cycle.

Other Actions

In other actions council:

—Introduced an ordinance under which the city would assume responsibility for code enforcement and setting forth fees and penalties. Council also authorized the city staff to investigate office locations for the three-member staff. The city expects that all related costs will be covered by inspection fees.

—Saw Public Works Director Carl Hirsch present City Manager's Awards to William Phelan and Brian Townsend for their actions during the severe thunderstorm of July 1. The men, "at some risk to themselves" went "into the storm with a chainsaw" to remove a number of heavy limbs that had fallen onto Mandan Road, creating hazards for motorists.

—Heard a report from Sheldon Goldberg, representing the Windsor Green Board, opposing the latest State Highway Administration proposal for a part-time light at the intersection of Greenbelt Road and Frankfort Drive.

—Introduced an ordinance annexing the federal courthouse property on Cherrywood Lane and scheduled a public hearing on the issue for September 14.

—Accepted the resignation of Bill Wilkerson from the Advisory Planning Board.

—Received a petition from James Panagoulis requesting that the police station be renamed in honor of his father, George Panagoulis, Greenbelt's first police officer.

Urgent Reminder

Deadline for Outstanding Citizen nominations is this Sunday August 16. Last-minute nominations are encouraged and may be hand-delivered to 6956 Hanover Parkway, #200, across from the Hunting Ridge Clubhouse, until midnight Sunday. Nomination form is printed in this issue.

Environmental Award

The Committee to Save the Greenbelt and the Greenbelt Greens have announced a new award to be given to the art work and to the photograph which best exemplifies appreciation for the environment at this year's Art Show and Photographic Exhibition. The groups are awarding \$50 savings bonds to foster an interest in the environment. Entries in the children or adult categories are eligible to win.

Art Show Display

The Greenbelt Visual Arts Coalition, which is organizing the Labor Day Art Show, wants to reassure children entering the art show—and their parents—that there will be plenty of room to adequately display their art work at the Youth Center. Current plans call for hanging the children's art work in the same room as last year. The Committee believes that the Youth Center space is certainly better than the City Hall Chambers used in previous years. However, members are looking forward to when the new Community Center is open to provide good exhibition space as well as arts classrooms, studios, photography and pottery workshops. To enter the Art Show check upcoming News Review for an application form.

Outstanding Citizen

Time is running short to nominate a Greenbelter for Outstanding Citizen. The deadline is August 16. Use the entry form in this week's News Review. Nominators need not be gifted writers to submit a nomination, but just able to list or describe the special contributions of their nominee. The Committee prepares the speech to announce the Outstanding Citizen at the opening of the Labor Day Festival.

Cars and more Cars

The Labor Day Parade Committee is still looking for convertibles to carry celebrities, dignitaries and participants in this year's Labor Day Parade. Call Tony Fominaya, 474-1274 if you can help out.

Books Needed

The Greenbelt Center PTA is in need of books for their booth at the Labor Day Festival. Books may be placed in a drop box at Co-op. Call Lynne at 345-4071 for large pick-ups. Volunteers are needed to help at the booth.

City and Council Approvals Give Go-Ahead to Belle Point

by Diane Oberg

The Belle Point residential subdivision may soon be sporting new townhouse models. The new models, though somewhat smaller than the existing townhouses will be just as wide. The models will be similar in materials and appearance, however, the development is located between the Beltway and Charlestowne Village.

The changes are part of a planned sale of a portion of the residential development to U.S. Homes by the original developer, the Milton Company. Edward Gibbs, attorney for U.S. Homes, said that the minimum sales price for the new models will be \$140,000 but that most buyers would purchase an additional \$10,000-\$15,000 worth of options. Lot sizes and landscape plans will remain unchanged.

The proposed changes require approval by both Greenbelt and Prince Georges County. The Greenbelt City Council gave its approval at its July 27 regular

meeting. (The Prince Georges County Planning Board approved the changes with conditions on August 6.)

U.S. Homes plans to purchase 46 of the residential lots. Milton will retain 13 unbuilt lots, plus the 24 already completed and 14 currently under construction. Despite the roles of the two builders, just one condominium association will govern the entire residential development.

One issue city council members grappled with before approving the change were concerns of the See COUNCIL, page 4, col. 4

European Visitors Enjoy Summertime in Maryland

by Robert T. Levine

Greenbelt recently had two foreign visitors — Olivier Bonnet, age 17, from Nancy in eastern France; and Helene Simonin, age 18, from Paris. They lived in Greenbelt from July 14 to August 4 as part of the Nacel Cultural Exchange program. Olivier was hosted by Junie Knott of Greenbrook Drive, Helene by Geraldine Hussey of Research Road.

Nacel is a nationwide cultural exchange organization that deals mostly with European students. Most students who come to Maryland and D.C. are French and Spanish, according to Maryland-D.C. coordinator Ruth Jamison, but students of other nationalities—especially German—prevail in other areas. "The function of Nacel is to achieve world peace one family at a time," said Jamison. "We want to acquaint people with different cultures world-wide, so that people will become more tolerant and understanding of other cultures."

Both Knott and Hussey said they decided to host a student after seeing a notice about Nacel in the June 18 issue of the News Review. Neither of them, however, could put a finger on why they decided to do it. "It just seemed like a nice thing to do," said Knott.

Both visitors had favorite activities that they pursued while in America. For Olivier, they were swimming and taking pictures. Helene liked to shop for jeans and go to the beach.

There was no language barrier because Olivier and Helene have studied English for several years. Culture shock was minimal. For Olivier, it was limited to searching for the meanings of such figurative expressions as "I see you came back in one piece." Helene was amazed by

"the size of the cars," said Hussey, and "the number of commercials, both on television and radio."

Olivier and Helene enjoyed American food. Among Olivier's favorite foods were beef hash and eggs, Ora Ida potato patties, and Italian bread. Although Knott makes no claim to culinary prowess, Olivier proclaimed to Knott's relatives, "Junie is a good cook."

Sightseeing

Trips played a big part in the visitor's stay in America. In addition to going sight-seeing in Washington and visiting Goddard Space Flight Center, Knott and Olivier visited Knott's relatives in Pennsylvania—where Olivier went down into a coal mine—and Florida. Hussey and Helene preferred to go places closer by; they also went to Washington, as well as Arlington National Cemetery, Custis-Lee Mansion, Mount Vernon, Frederick (where Hussey's son lives), Antietam, and Harper's Ferry.

Olivier's and Helene's visits seem to have met Jamison's objectives. Knott and Hussey said their guests were struck by how friendly Americans are. Olivier's family has invited Knott to France—she's not sure if she'll go—and Helene wants to visit Hussey again next year. These visits may have opened the doors to lasting friendships.

Time to Honor Our Citizens

To the Citizens of Greenbelt: This coming Sunday, August 16, at midnight is the deadline for nominations for the Outstanding Citizen Award. This is of personal interest as I am the Chairman of the Selection Committee for the Labor Day Festival. If history repeats again this year, most nominations will come in at or close to the deadline. So there is still time to join the late rush and make your own nomination.

Please do not assume this letter is directed to someone else. Anyone can make a nomination. We often receive, and always welcome, nominations from people who have not made nominations before. You do not have to be a long-time Greenbelt native, or someone "in the know." You do not need to know the nominee personally. You can nominate someone whose reputation is not city-wide, perhaps someone who has been outstanding in your neighborhood, civic organization, or church. You don't need a computer, or typewriter as handwritten nominations are just fine. You don't have to be a brilliant person. (Even some of my friends have submitted nominations.) You don't have to spend hours and hours writing, as we ask only for a statement of 500 words or less with your nomination form. You don't have to watch the Olympics any more until 1996. In short, there are no good excuses.

I believe there is a perception in some minds that people are being asked to pick the person most deserving of winning the award. Actually, picking a winner is not the Committee's main concern. The award is intended to honor all of Greenbelt's outstanding citizens, even though it is given to only one person each year. We always notify those persons for whom valid nominations are made, after the Labor Day Festival. The more nominations we receive, the more successful we feel. Most important, each nominee will get an overdue "Thank you" for their civic work. Think of all the hours some people have spent without receiving much if any credit. This is your chance.

If you know of someone who deserves a nomination, how about taking a little time this weekend to honor that person by making a nomination. It really is easy. The nomination form is printed in the News Review again this week and tells you everything you need to know. Just hand-deliver your form and letter to 8956 Hanover Parkway (Hunting Ridge). We'll keep the light on for you.

Tom Renahan
Chairman, Selection Committee

Thanks

I would like to thank the people of Greenbelt for their support during a mother's worst nightmare—the abduction of a child. Paul, Qussay and I appreciate everyone's help in hanging the yellow ribbons in hope that Qussay will be returned from Iraq.

On August 15 we will have a candlelight vigil in front of the Iraqi Embassy. Maps are available at the Greenbelt Variety Store in Roosevelt Center. Carpools will be leaving at 6:15 p.m. from the Co-op parking lot. For more information call 345-5325.

Thanks Greenbelt for your prayers and support. Qussay will be returned to us!

Airplane Spotters

April, 1942—Thomas R. Freeman issued a call for more volunteers for the air-raid spotting service. Spotters worked two hour shifts, 24 hours a day. The need for men and boys was greater than the need for women. Women volunteers worked between 8 a.m. and 4 p.m. Men and boys worked between 4 p.m. and midnight, and men only between midnight and 8 a.m. Volunteers could call either Freeman, Jennings Craig, Edward Kaighn or Cyril Turner.

The American Legion handled the spotting program nationally as well as locally under the supervision of the Army. Sam Harvey of Harvey Dairy was the director for Prince Georges County.

Greenbelt spotters worked from the roof of one of the commercial buildings at the center. J. Donald Wolfe of Greenway Place, an original Greenbelt resident remembers being a spotter along with his dad, James N. Wolfe, who later became a Greenbelt mayor and councilmember. "We were the eyes and ears" to provide an early warning of an air attack, Wolfe noted. Whenever a plane flew over Greenbelt the spotters would identify the plane and report it

While preparing for an air raid now seems to have been an unnecessary precaution, it must be remembered that Americans never expected the Japanese to be able to attack Pearl Harbor a short time before, nor did the Japanese expect American flyers under the command of James Doolittle to be able to bomb Tokyo later in 1942.

File Soon for Refunds From Weight-Loss Plan

Maryland Attorney General J. Joseph Curran, Jr. said today that former members of the now-closed Nutri-System Weight Loss Centers in Baltimore, Bethesda, Largo and Pasadena are entitled to refunds from the \$367,320 letter of credit the facilities posted with the Consumer Protection Division of his office.

The sooner the one-time members of the weight loss centers file their claims the better, Curran added. The deadline is June 27, 1993.

Curran said that former members of the Nutri-System Weight Loss Centers should send copies of their membership contracts, along with copies of their receipts for payments, to: The Consumer Protection Division, 16th Floor, 200 St. Paul Place, Baltimore, Md. 21202, Attention: Nutri-System Claims.

Free Chickenpox Vaccinations Given

Governor William Donald Schaefer today ordered the state health department to provide free shots to the state's children up to six years of age and those entering the sixth grade with the assistance of the Maryland National Guard in a push dubbed, "Operation Vaccination."

Parents need to contact their child's pediatrician or health care provider to obtain the vaccination records in time to participate in this initiative. All children must be accompanied by a parent or legal guardian in order to be vaccinated.

Nurses and doctors will be available at the "Operation Vaccination" sites to bring any child six years of age and under up to date with the shots needed including diphtheria, tetanus, pertussis, polio, Hib, measles, mumps, and rubella vaccines.

"Operation Vaccination" will be in Prince Georges County August 22-23 at Prince Georges Community College, Largo Student Center 301 Largo Road 10 a.m.-4 p.m.

Susan Anne Aldridge received a bachelor of science degree in business administration with a major in accounting from Georgetown's School of Business Administration. While in school, she was a member of Georgetown's Accounting Society. She is the daughter of Gary and Bonnie Aldridge.

Jaylee Mead of Greenbriar recently retired from Goddard Space Flight Center where she was Associate Chief of the Space Data and Computing Division.

Dr. Mead has lived in Greenbelt since 1967. She has worked at Goddard for 33 years. She plans to move to D.C. where she will be a consultant at NASA headquarters.

More Goddard News: The Center has named Dr. Elihu A. Boldt a Senior Goddard Fellow, the most prestigious honor given by the Center for exceptional contributions to the space program.

As a senior fellow, he will serve as Center consultant in his particular field of research, giving advice to Senior Center Management on issues related to policy and improvement of research and development at the Center.

Dr. Boldt is head of the X-Ray Astrophysics Branch of the Laboratory for High Energy Astrophysics at Goddard. He resides on Lakeside Drive.

The popularity of the Greenbelt Aquatic Center was the subject of an article written in *The Washington Post* recently. The pool's supervisor, George Rogala, and one of its lifeguards, Scott Luddy, were both interviewed. Several Greenbelters and county residents such as Terry Mangum, Joe Mac and Joanne Kellaher expressed their appreciation for the pool and what it offers them. John Unger, of Lakeside

Drive, was cited by the American Red Cross with one of their gallon pins. He has so far donated 19 gallons of blood. Thank you, Mr. Unger!

Doug Love and Jane Love just returned from a 1433-mile trip to New England where they attended the Stellafane Convention in Vermont with the Goddard Astronomy Club. With them they brought back several books of Shaker music from the last Shaker colony left in Maine.

Nicole A. Aqui, a ERHS graduate, has been named a 1992-93 Benjamin Banneker Scholar at the University of Maryland at College Park.

The scholarship is awarded to academically talented African-American students enrolled as entering freshmen at College Park and is renewable for up to four years of undergraduate study.

While in high school, Aqui was president of the JROTC's honor society the Kitty Hawk Society. In addition, Aqui was a member of the National Honor Society and chairperson of the Youth Ministry Program, both in the 1991-92 academic year.

Congratulations to Robert White, whose Parkdale High School classes in Political Issues helped the school to earn the Dr. Dana Kurfman Memorial Award,

which is presented by the Prince Georges County Board of Supervisors. The award is given annually to the county high school that plans and executes the most comprehensive and successful voter education and registration program. Under White's leadership 197 students (60 per cent of the senior class) registered to vote in the 1992 election. Thirty of his Political Issues students, who served as Voting Registrars, visited all 12th grade English classes, where they helped eligible students to fill out registration forms. Social Studies teachers in 12th grade elective classes also participated. White is the son of former Greenbelt mayor, the late Francis White.

Jason Kurowski, 17, took first place in "B" Singles and "B" Doubles in the 3rd Annual 3-Wall Eastern Regional Handball tournament, held at Centennial Park, Columbia, August 7, 8 and 9.

Kurowski is a senior at ERHS and a honor roll student.

Lori Martin, daughter of Jean Martin, recently accepted a resident directorship at Radford University where she will pursue a Master of Arts in counseling and human development. The directorship provided Martin with tuition, room, board and a stipend.

A 1988 graduate of ERHS, Lori recently received her bachelor's in psychology from Salisbury State University, graduating with honors.

COUNCIL

(Continued from page one)

current Belle Point residents about repairs they wanted the Milton Company to make to their units under warranty. According to Greenbelt's Director of Planning and Development Celia Wilson, Milton has agreed to complete this work.

Council asked a few questions regarding ways to use this approval process to force completion of the warranty work. Although Philip Barber, of U.S. Homes said that his company was prepared to help with the warranty work if needed, Gibbs argued that it would be nearly impossible for U.S. Homes to obtain financing if the city succeeded in getting the county to condition approval upon the Milton Company's completion of the work. Gibbs also pointed out that the development is currently only half completed. Without sale of the 46 units, he said, the project was "basically dead in the water."

City Solicitor Robert Manzi doubted that the county Planning Board would condition approval of U.S. Homes' plans upon actions of the Milton Company, over which U.S. Homes does not

have control.

Commercial Units

Milton's original plans called for a row of commercial townhouses on the strip of land closest to the Beltway. Some of these units, accessible from Legion Drive, have been completed. Wilson told the *News Review* that the commercial project had earlier been sold to another company, which soon expects to start constructing a new section of offices.

One purpose of the commercial development was to provide sound buffering for the residential units. However, residential units already extend beyond the commercial buildings. With three developers, instead of the originally expected single developer, it is possible that the two types of units may not proceed in sync.

If necessary, Wilson said, the developers are to construct a fence to provide temporary buffering. There are, however, no constraints preventing construction of the residential units until the commercial units are completed.

Fifty Years Ago In Greenbelt On Buying Beer

by James Giese

March, 1942 — The *Greenbelt Cooperator* reprinted in March 1942 a National Brewing Co. advertisement published in the Baltimore newspapers because it had received so much favorable comment that it had been suggested that it should be published for the benefit of those who had not had the opportunity to read it. The ad was headlined, "The Patriotic and Economical Way to Buy Your Beer." The ad advised that "the most economical way to buy your beer these days is to buy it from the keg — at any of the many excellent taverns where beer is kept on draught." The next most economical way was to buy it "in the regular old fashioned twelve ounce bottle," the kind with a refundable deposit. Non-returnable bottles and cans were described as wasting labor that could be used in more essential defense work. The ad concluded, however, by noting that National Bohemian Beer, National Premium Beer and National Ale were "everywhere" in cap sealed cans as well as on draught and in bottles.

It is interesting that the *Greenbelt* paper ran this ad when you consider that there were no taverns in Greenbelt at that time and no liquor licenses. National Beer might have been in Greenbelt as well as everywhere else, but it was not sold here.

7-Eleven Honored For Literacy Help

7-Eleven's Capitol Division, initiators of the "People Who Read Achieve" literacy campaign, has been awarded a "Special Judge's Award" in the Partnerships in Education Journal's 1992 National Partnership Awards.

The Capitol Division of 7-Eleven stores was recognized for "pioneering such an exemplary partnership program beneficial to students and teachers alike."

7-Eleven's "People Who Read Achieve" was established in late 1989 in response to rapidly rising illiteracy rates in the Washington and Baltimore metropolitan regions. The multifaceted campaign is a public service program to heighten awareness of the literacy issue and support community-based organizations working to reduce illiteracy rates.

The program has included the following:

—Grants totalling more than \$400,000 awarded to 150 community-based literacy groups;

—A multilingual literacy helpline which fields an average of 500 calls a month;

—A foodbank for homeless shelters offering literacy training;

—Sponsorship of "Summer-Quest" programs with several county library systems and WETA-TV's "Vacation Video" project.

Beijing Restaurant to Celebrate Anniversary With Special Buffets

by Mary Lou Williamson

The Beijing of Greenbelt will celebrate its first anniversary August 16 to 23 with special lunch and dinner buffets like those of their opening week. The upscale Chinese restaurant opened in Roosevelt Center on Friday, August 16, 1991, an auspicious day in the Chinese calendar. Feng Lee is the owner of the business, her husband Yu Xiang Lee is the chef.

The Beijing is regularly busy at lunch time according to family spokesman Dennis Liu, Lee's brother. "We began a \$4.95 lunch special six months ago, that's been very successful." He said the family now is considering a similar special, for \$7.25, for dinner. The lunch special includes a choice of six entrees and the dinner would probably have 10 choices of the restaurant's most popular dishes, said Liu.

Liu hopes the anniversary buffet will be as successful as opening week last August when the restaurant was packed at lunch and dinner. "That week was so successful, we're going to make it an annual affair," he said.

Corporation, parent company of 7-Eleven.

Seven woks (and one oven for Peking duck) turn out a variety of Chinese foods for the 80-seat restaurant, decorated in green and white with cafe curtains in the windows for privacy. Lee's eight employees, some full-time and some part-time, do everything from food preparation to waiting tables to cleaning up. An area in the basement is equal to that upstairs. At 3:30 in the afternoon the restaurant was quiet, with only two diners. Downstairs two employees were cutting up a mound of chickens; upstairs, others were snapping the ends off a huge pile of green beans. The downstairs provides space for a work area, an office, walk-in freezer and walk-in refrigerator and dry food storage room.

Mantzouris Fulfills License Requirements

Laura Mantzouris, office manager of State Farm Insurance Agent Ed Cornelius has recently passed the Maryland Insurance Department licensing exam for Life & Health insurance. She had previously passed the Property & Casualty exam in 1991 and has now completed all the licensing requirements in the State of Maryland.

Mantzouris, located in the office at 7601 Ora Glen Drive, has been employed with State Farm Agent Ed Cornelius for four years. She is continuing to participate in additional industry courses.

NationsBank Sponsor Of Olympic Team

NationsBank, official bank sponsor of the 1992 U.S. Olympic Team, celebrated the opening of the Summer Olympic Games with a Barcelona Bound! party in all of its 1,800 bank offices across the Mid-Atlantic, Southeast and Texas regions on July 24.

All NationsBank offices, decked in red, white and blue, offered refreshments to customers. Many offices gave customers a chance to sign Good Luck cards to be sent to the U.S. Olympic Team in Barcelona. It is expected that thousands of signatures will be sent to the Olympians.

To help celebrate the company's sponsorship of the Team, each of the 55,000 NationsBank employees has received a pin to wear with the NationsBank logo and the USA Olympic rings symbol. The company also sent an employee and spouse selected in a company-wide contest to Barcelona for one week to attend the Olympic Games.

Police Blotter

Based on Information Released by the Greenbelt Police Department

Police responded to a report of an armed robbery in the parking lot of the Marriott Hotel around 10:30 p.m. on August 4 after a woman had gotten into her vehicle in the parking lot, a man opened the driver's door, displayed a knife, and demanded her money and jewelry. She complied; he then ran away. He is described as black, 25 years old, wearing a dark green shirt, a baseball cap and gold wire rim glasses.

A 22-year-old resident man was arrested on two counts of assault and battery, two counts of resisting arrest, and littering after he had punched and choked one officer and assaulted another while they were investigating a report of a loud party in the 5900 block of Cherrywood Lane around 1:30 a.m. on August 2. The man appeared before a District Court Commissioner and was released to his wife pending trial.

While patrolling the area of Greenbelt Road and Kenilworth Avenue around 7:45 p.m. on August 3, an officer noticed a vehicle with an equipment violation and found, via computer, that the license tag had been reported stolen. After stopping the vehicle and arresting its occupants, the officer found marijuana and rolling papers. The driver of the vehicle, an 18-year-old nonresident youth, was charged with theft under \$300, possession of marijuana, and possession of paraphernalia. The other person in the vehicle, a 15-year-old nonresident male, was released without charge after further investigation.

While patrolling the 8000 block of Mandan Road around 2:30 a.m. on July 31, an officer stopped a car that had been reported stolen. The occupants then fled. After a short foot chase, one of them was apprehended.

An 18-year-old nonresident, the youth appeared before a District Court Commissioner and was held on \$5,000 bond pending trial.

Police recovered a 1984 Chevrolet van school bus in the 6800 block of Hanover Pkwy. on July 30 and a 1986 Mitsubishi pick-up in the 8200 block of Canning Terrace on August 5.

Vandalisms to, thefts from, and attempted thefts of autos were reported in the following areas: the 6000 block of Breeze-wood Court, the 5800 block of Cherrywood Lane, the 5900 block of Cherrywood Terrace, Empire Place, the 6900, 7700 and 7800 blocks of Hanover Pkwy., the 6400 block of Ivy Lane, the 7800 block of Jacobs Drive, the 8000 block of Mandan Road and 35 Court Ridge Road.

City Notes

Grass mowing continued throughout the city, but cutting is slightly behind schedule due to weather conditions.

Eroded areas at the "Buddy" Attick Lake Park were filled and crushed stone was placed to raise the path around a man-hole which was a tripping hazard to hikers.

Dead trees were removed at various locations at Research Road, Lakeside Drive, and Schrom Hills Park and stumps were ground down. Brush was trimmed, streets were cleaned, storm drains were cleared, and underpasses were cleaned. Weed spraying was done at Schrom Hills Park.

Preparation of the Labor Day festival booths continued.

Awards Given At Center School

Eric Silverman, Katherine Lee and Kristina Zugby were presented American Legion awards for distinguished achievements at Center School's sixth grade awards assembly on June 16. Runners up were Darnell Davis and Leslie Scruggs.

The first annual John Van

Schoonhoven writers award was initiated by the PTA. Dr. Van Schoonhoven was present to give this year's award to Angela Feagin.

The Greenbelt Lions Patrol awards were given to safety patrol members Anthony Tran and Towanda Chase.

New Secondary Students Have Special Registration

The Department of Guidance Services of the Prince Georges County public schools, has designated specific days as formal registration dates for new secondary school students at all middle and high schools.

In order to avoid long lines and delays during the first weeks of school, parents are strongly urged to register new secondary school students on the following dates: Friday, August 14, Monday, August 17, and Tuesday, August 18.

Guidance counselors will be on duty at each middle and high school to assist new students for registration only on the dates listed above. For information about the registration times on those three days, please call the individual school.

Each new student must be accompanied by a parent or guardian and have (1) immunization records, (2) birth certificates, (3) proof of residence, (4) transcript or report cards, and (5) recent standardized test scores

For additional information regarding school attendance areas, please call the Department of Pupil Accounting and School Boundaries at 301-952-6300.

QUADRUPLE YOUR ODDS

of selling your home in this market. There is one company that is selling more than four times as many Greenbelt Homes as anyone else. In fact, they sell more than all other companies combined.

If you need results, call the true Greenbelt Specialist. They'll be happy to give a free market analysis, and discuss current factors for consideration in selling your home.

1992 SUMMER ADULT DAY & EVENING AQUATIC ACTIVITIES

In-person registration, first-come, first-served basis. ALL registrants must sign up at the Greenbelt Aquatic & Fitness Center for aquatic classes. PLEASE NOTE registration days and times.

Registration for residents of Greenbelt and passholders ONLY is August 17 & 18 from 6 a.m. to 10 p.m. Registration for all others starts August 19 from 6 a.m. - 10 p.m. Registration ends Friday, August 21.

LATE REGISTRATION STARTS THE WEEK OF AUGUST 24 AND IS ON A SPACE AVAILABLE BASIS ONLY. PLEASE NOTE: A \$5.00 LATE FEE WILL BE CHARGED.

CLASS FEES: All class fees are noted in the course description. Non-passholders of the facility will pay more than passholders. A 10% discount will be given to all senior citizens, 62 years old and over, for non-Senior classes.

CLASS SCHEDULE: Classes begin the week of Monday, August 24 and will last for four weeks.

REFUNDS: The Greenbelt Aquatic & Fitness Center reserves the right to cancel classes due to insufficient registrants or causes beyond its control. Refunds will be made if classes are cancelled by the Center. Other refunds will be made according to the provisions in the City of Greenbelt Resolution No. 65, which also requires that refund requests, for valid reasons, are to be submitted IMMEDIATELY IN WRITING to the Business Office.

CITY RESIDENCY: Greenbelt residents are those who pay taxes to the City of Greenbelt. That is as it should be, as our residents pay taxes to support the Recreation Centers and the Aquatic and Fitness Center in our community. However just because someone has a Greenbelt address does not necessarily mean that they pay taxes to the City of Greenbelt. We want to be fair to the people whose tax money supports our programs. If you are not sure that you have a Greenbelt address, call 513-0390.

MAINSTREAMING: Anyone who is physically, mentally, and/or emotionally challenged is encouraged to participate in any of the Aquatic & Fitness Center's programs. If you need any special assistance, please call 474-6878 or TTY 474-1811 and ask for Karen Haseley.

For any additional information, contact the Greenbelt Aquatic & Fitness Center at 513-0390.
