NEW COOPERATOR STAFF ELECTED

At a regular meeting of the Journalistic Club on August 10th, with President Louis Bessemer presiding, the following officers were elected to serve for the next six month term beginning September 1st; Editor-in-Chief of the Cooperator, A. Chinitz; Assistant Editor, George Warner; Business Manager, Martin Miller; Circulation Manager, Mrs. E. Pratt; Treasurer, John McWilliams; Production Manager, T. Howard.

Officers of the Journalistic Club also elected at the meeting for the same period will be President, Howard C. Custer; Vice-President, Sam Maryn; and Secretary, Frances Rosenthal.

CREDIT UNION EXTENDS LOAN PERIOD

At the last meeting of the Greenbelt Credit Union's Board of Directors, August 10, the maximum term of loans was extended from five to ten months and the amount borrowable was set at fifty dollars in excess of the borrower's share balance.

Office hours are from 6:30 to 8:00 P.M. every Friday evening and on government pay days, in Meeting Room (above Drug Store).

'BUDDY' WOOD FINDS SMALL FORTUNE LOST BY JUNIOR FOX

Harry 'Buddy' Wood, 58-J Crescent Road, general Greenbelt newsboy, found a ten dollar bill last week and turned it over to Chief of Safety Mabco, who was there by able, when called on, to smooth the troubled brow of Vernon T. Fox, Jr., who had been sent to the store with it to do the family marketing.

COUNCIL AUTHORIZES THREE WEEKS' ANNUAL LEAVE FOR TOWN EMPLOYEES

Authorizing the Town Manager's office to draw up an ordinance granting twenty-one calendar days annual leave and fifteen days sick leave to town employees, the Town Council at its last meeting, August 8, promised Greenbelt one of the most liberal leave policies among municipal governments.

The usual practice of town governments as well as of industrial enterprises, is to allow two week vacations. The fact that Greenbelt is closely associated with the Federal government and that it represents, in general, the most advanced ideas on community management, made inevitable an effort to provide a leave policy similar to that of the Federal Government (twenty-six days annual; fifteen days sick).

In fact Councilman Morrison moved that Greenbelt adopt such a policy, and was seconded by Mr. Bessemer. However it was the opinion of the majority of the Council which finally included Mr. Bessemer, that Greenbelt's small staff made this proposal impractical at least at this time. Mr. Jacobson pointed out that Greenbelt should always take the lead in providing liberally for employees, but that departure from the general practice should be made slowly and only after experience had shown them practical. Mr. Morrison maintained his opinion that Greenbelt should follow the lead of the Federal Government.

Present at this meeting were Councilman Bessemer, Maurer, East, Jacobsen, and Morrison, Manager Braden, Finance Officer
(See COUNCIL, Page Five)

LEGION TO BE REPRESENTED AT
DEPARTMENTAL CONVENTION

Thursday evening, August 11, the local American Legion post met in a special session at the home of its adjutant, Leon G. Benefiel, for a final discussion of Legion policies and interests prior to sending Comrades Stewart and Froeman as Post delegates to the Departmental Convention to be held in Baltimore the latter part of this week.

Installation of officers for the ensuing year will be held on Thursday evening September 1st, in accordance with the Department Constitution and By-laws which states that the installation shall be not later than fifteen days after the Convention.

Comrades Brozina, Stewart, Froeman, Good, Featherby, and Bryant were appointed a committee to make final arrangements for the installation. This program will be open, and all friends of the local American Legion Post are cordially invited to attend.

There will be no other regular meeting of the post during August.

FINANCE OFFICER ATTENDS
CONVENTION

Finance Officer J.W. Rabbit is representing Greenbelt at the convention of the Municipal Finance Officers Association of U.S. in St. Paul, Minn., August 15-18.

NOTICE

The Management office wishes to notify Greenbelt residents that they may place grass cuttings, weeds, etc., in piles along the road (not the driveway) and they will be picked up regularly by the town truck. Please do not put grass in the trash cans as it makes them too heavy for the trash collectors to handle.

The Management office wishes to notify Greenbelt residents that, if they use their open garage for other than storage of automobiles, they are requested to keep it neat and orderly. At regular intervals a crew from the maintenance staff will inspect all open garages and take away all items that are in the nature of debris or trash.

O. Kline Fulmer
Assistant Manager

ART GROUP PROJECT OUTLINED

The formation of an art group in Greenbelt will be aided by the WPA's Federal Art Project, according to Mr. Russell Parr who lectured on the subject in the Community Auditorium last Friday night.

Mr. Parr, who is head of the entire project, gave an illuminating talk on what is being done by the government to help enthusiasts throughout the country establish their own centers for instruction and exhibition. Slides were projected, showing the recently founded centers in such far-flung places as Phoenix, Oklahoma City, Sioux City, etc. There were many interesting shots of recent work by American pictorial artists and sculptors. Most reflected the daily life of ordinary Americans; subjects such as men at work, mining town, big city, and farm country scenes predominating.

Mr. Parr explained that the Art Project will aid groups of people who indicate their desire to study by supplying instructors. Slides were shown of work done in classes which the Projects guides.

After the formal part of the lecture, those present questioned Mr. Parr about the details of setting up such an art group in Greenbelt.

It was proposed, evidently with the consent of those present, to refer the matter to the Educational Committee of the Citizens Association. It is expected that the Committee will be heard from shortly as to the first steps in the formation of an art project in our town.

VIRGINIA MCGUCKIN HAS ACUTE APPENDICITIS

Little Virginia McGuckin, 18-A Ridge Road, was operated on last week for acute appendicitis by Dr. Francis D. Threadgill at the Children's Hospital in Washington. It is reported by Dr. Threadgill that she is well on the road to recovery.

MRS. EARLE PATTERSON IS NURSE
AT HEALTH CENTER

Mrs. Earle H. Patterson, 45-G Ridge Road, is now serving as the Health Association's Nurse at the Medical Center in the absence of Mrs. John Perkins who will be on vacation until September 1. Mrs. Patterson's home telephone number is Gr. 2811.

PROPOSED COUNTY MILK ORDINANCE SENT TO COMMISSIONERS

Mrs. Carnie Harper, Greenbelt's representative on the Prince Georges' County Milk Committee was chosen secretary at the last meeting held in Upper Marlboro, Friday August 12th. The subject under discussion was the proposed county milk ordinance which the committee unanimously moved to submit to the county commissioners. Mr. Thomas and Mr. Dashiell of the milk investigation office of the U. S. Public Health Service spoke on the regulations contained in the proposed ordinance. Mrs. Harper, consumer representative, expressed her appreciation for the assistance given the committee by the county health officers and by Mr. Wood, County Sanitarian. Mrs. Harper read a telegram from Mr. Snoddy, Chairman of the special Health Committee appointed by Prince George Federation, expressing his regret at not being able to attend the meeting, and also reported a talk that she had had with a dairyman of a neighboring county who expressed his desire to have the same protection which the proposed ordinance would give Prince George's County. Committee members are Mrs. C.W. Browning (Lanham) and Mr. John Hogue (Brandywine) representing the producers, Mr. John Snoddy (Lanham) and Mrs. Carnie Harper (Greenbelt) for the consumers; Mr. J. A. Holbrook, Committee chairman (Brentwood) and Mr. A. J. Robinson (Brandywine) represented the distributors.

DR. ROBERT TAYLOR OF BALTIMORE COMES HERE WEEKLY TO HOLD ALLERGY CLINICS

Is Member of University of Maryland Hospital Staff

Allergy clinics are being held weekly at the Medical Center by Dr. Robert Taylor of the University of Maryland Hospital in Baltimore. The first one was held August 4.

To the layman, allergy patients are those people suffering from such things as hay fever, exzema, and asthma. Pending definite arrangement of date and hours, the clinic will be held every Thursday evening between 7 and 8 o'clock.

"Dr. Taylor is one of the leading allergists of Baltimore and brings to our

PRE-SCHOOL CLINIC FRIDAY

The clinic for the purpose of examining all children who will enter school for the first time will be held in the school house Fri., Aug. 19 - hours 1:30 to 5:00. Please note carefully the following information:

Children who will be 5 years of age before Feb. 1 will be eligible for kindergarten.

Children who will be 6 years of age, before Feb. 1 will be eligible to enter first grade.

All children entering school here must be vaccinated.

This clinic offers you a thorough physical examination for your child, a dental examination and free inoculations against diphtheria or small pox if you wish them. There will be no examination for this group during the school term. This is your opportunity.

A permanent health record is to be started from these reports. So it is important for all in these age groups to attend. Members of the association are requested to attend also so the school will have the record.

Those who attended the first pre-school clinic will not need to come unless it is for inoculation.

Dr. Christensen, physician, Dr. McGar, dentist, and Miss Garret, public health nurse will conduct the clinic.

Mrs. Eva Morgan
Chairman of Committee

citizens the most modern methods of attacking the problems of allergy," states Dr. Thomas A. Christensen, the Health Association's physician.

Residents of Greenbelt who are interested in being treated by Dr. Taylor for allergy ailments should make an appointment at the Health Center beforehand.

These clinics are a part of the specialists' services which the Health Association plan on bringing to Greenbelt from time to time. Dr. Taylor was invited to come here and hold these clinics by Dr. Christenson in behalf of the Health Association. Dr. Christensen was associated with Dr. Taylor at the University of Maryland Hospital prior to his coming to Greenbelt on July 1.

HOBBY CLUBS NEWS!

By Robert R. Porter

Thursday, August 11th, a group of hobby enthusiasts, mainly woodworkers met in the community building and discussed plans for the future. Since temporary officers are now serving in the Hobby Club it was decided to have another meeting on Thursday night August 25th, when a permanent staff of officers are to be elected. Mr. Featherby of 19-A Ridge Road, who is a finished cabinet maker offered his service in the coaching youngsters in woodworking. This work will be carried on during an evening when the adults are not admitted. Those youngsters who are anxious to get in this group should appear at the manual training room of the school Thursday, August 18th, so that it can be determined how many are going to be interested. Scouts desiring to take merit badge tests in woodworking should be on hand in order to arrange for their test. From the number of adults on hand last Thursday it appears that Mr. Braden will have to be approached to allow the shop to be open other nights besides Tuesday and Thursday as it now is.

The primary object of the Hobby Club is to promote the various hobbies in Greenbelt by consolidated action. It is proposed to have three representative members from each group within the club to preside at the regular meetings, and present the issues of each group, reporting back to their members the steps that are to be taken.

Other hobbies were discussed during the meeting but due to the diversified character of the hobbies that Greenbeltians might be interested in it was decided to give the various ones a chance to organize so that by August 25th, when an election of officers will be held, each could be ready to participate. Your correspondent is taking this opportunity to notify all interested parties what and where they might find these persons sponsoring the respective hobbies.

GARDEN CLUB - Mr. Raymond Hemingway of 44 E Crescent Road has gone to a great deal of trouble to get information concerning Garden Clubs and is prepared to meet with those interested in both flower and vegetable gardens and organize.

RADIO HAMS - George Bradford of 33 E Ridge Road is anxious to bring interested

radio bugs into action so that some day Greenbelt will be equipped with a "hometown" broadcasting station. It is necessary to get as many interested in this project as is possible in order to lighten the expense to each individual. If you are interested please get in touch with George at once so you will be a part of the Hobby Club by election night August 25th.

ART CLUB - Those persons interested in either classic or commercial art should get in touch with Mr. George Trotter who lives in Apartment 48-E Crescent Road as soon as possible so they can make arrangements for classes in both subjects this winter as well as organize into their respective groups. Although this appears to be an educational subject it is believed there are enough accomplished artists in Greenbelt to get together to lead the would-be artists.

LEATHER CARVING - Mrs. H. C. Custer of 45-R Ridge Road is inviting all persons interested in this subject to get in touch with her to develop this hobby in Greenbelt.

OTHER HOBBIES - Although other hobbies already organized in Greenbelt have not consented to join the Hobby Club it is hoped that an invitation extended by the Executive Board of the Hobby Club will induce them to do so by August 25th. Choral Singers: Mrs. Lydalu Palmer of 1-D Eastway is glad to have anyone with average capabilities to join the songbirds she is sponsoring.

Camera Club: By the time this article goes to press the Camera Club may have accepted an invitation to join the Hobby Club. In any event Mr. Wayne A. Roberts of 3-A Parkway Road will explain the functions and fees of that organization to any person interested in joining.

Journalistic Club: This club will also be asked to join the Hobby Club, but will do so only with the consent of its members. Persons desiring to help or to find an outlet for their interest in this hobby should get in touch with Howard Custer of 45 R Ridge Road or Sam Maryn of 58 M Crescent Road.

Little Theatre Group: The work this group has done speaks for itself. It is earnestly hoped they will join the Hobby Club so they will have someone to build their flats and other props for them.
(See Hobby Club, Page Nineteen)

(COUNCIL cont'd. from page one)

Rabbit, Engineer Vincent, Superintendent of Buildings Fulmer, Director of Public Safety Mabee, and Clerk Stevens.

Citizens Harry Falls and Lester Sanders appealed before the Council with petitions.

Mr. Falls asked that one sign identifying Forestway in Parkbelt and another stating that Woodlandway was "No Through street" be erected. This was favorably referred to Engineer Vincent and Director Mabee.

Mr. Sanders asked the Council to consider the desirability and possibility of obtaining funds necessary for erection of Community Recreation Center. This was considered shortly but then tabled pending receipt of further petitions from local organizations, which Mr. Sanders promised would be forthcoming.

The design of the official town seal was then considered, the final selection being a combination of the two prize winners, in the recent contest. This includes a stylized map of the town surrounded by trees, and with the phrase, "Greenbelt, A Planned Community".

Mr. Braden read a report of the patronage received by Greenbelt busses which showed that the variation in number of passengers taking any one bus was so great from day to day that it was most difficult to adjust schedules. However, some changes will probably be indicated and made shortly.

Mr. Braden reported that readings at the Disposal Plant showed that Greenbelt used most water on Saturday and Sunday, least on Thursday; following are figures for a typical week:

Sunday	154,300	gallons
Monday	135,700	"
Tuesday	143,400	"
Wednesday	132,200	"
Thursday	114,200	"
Friday	139,700	"
Saturday	157,200	"

Mr. Vincent reported that all garbage cans had just been given a thorough cleaning; this will be done periodically. He stressed that all garbage should be wrapped in paper before being placed in cans.

Mr. Morrison called Mr. Mabee's attention to the fact that bottles were being broken for sport by children and that this was particularly dangerous practice during barefoot season.

Mr. Mabee asked citizens to call his office any time practices of this nature were observed. He said names of the wrongdoers would not be divulged nor would the persons be ill treated, but that the situation must be handled for the good of all.

On recommendation of Mr. Mabee the Council appropriated ten dollars to reimburse Bladensburg Rescue Squad for the oxygen it used in attempting to revive the youngster who recently drowned in our lake.

Mr. Mabee reported that the Health Association now has on hand two tanks of oxygen and that the town expects to have complete resuscitating equipment soon.

Mr. Mabee reported that excellent, well-trained horses for a mounted police patrol could be obtained from the army for \$160, but that perhaps better buys could be obtained elsewhere. He pointed out that the need for mounted police was great in Greenbelt, since much of the town's territory could only be adequately covered by horses. The picnic grounds and other outlying improvements need better policing than they have been getting, and that in the case of lost children, especially in winter, a good horse might be of inestimable value.

Mr. East and Mr. Morrison were appointed a committee to make arrangements for the forthcoming municipal election.

----- UNEMPLOYMENT COMMITTEE OFFERS HELP

Have you forgotten Greenbelt's own unemployment committee? Do you need help, domestic or otherwise? Do you want to render service of any kind? There have been several calls for practical nursing, caring for young children, and also domestic work.

Now, on the other hand are you looking for work in Greenbelt or in Washington? If so the Committee will do all in its power to help you find employment.

An official Bulletin of Examinations through the Department of State Employment and Registration (S.E.C. Form 110) is posted in the post office bulletin board. Please follow this board closely as you may find there just what you are so hopefully seeking.

For any information or help do not hesitate to call the Committee. Until the committee is more permanently established call Mrs. Harry Fleisher, 4866, or Mr. Peter Carroll, 4092.

EDITORIAL

GREENBELT COOPERATOR

Telephone Greenbelt 3131

Vol. 2, No. 33

Published weekly by the Greenbelt Cooperator Publishing Association under the auspices of the Greenbelt Journalistic Club. Its sphere and policies are as follows:

1. A non profit enterprise.
2. Nonpartisan in politics.
3. Neutral in religious matters.
4. An open forum for civic affairs.

The irony of it all --

That one of the most enthusiastic boosters who has contributed to the columns of the Cooperator should have been selected by the metropolitan press as a spokesman of the disgruntled ones in Greenbelt.

It is a fact that Mrs. Liswell, who wrote the open letter to Mr. Braden, complaining of the apartment regulations, is also the writer of 'Howdy Folks', a column which appears in these pages from time to time over the name "A Neighbor".

The very enthusiasm, high spirits, and energy that is so evident in "Howdy Folks" inevitably lead to dynamic expressions of grievances also.

More ironical than this however is the fact that if we in Greenbelt are to become regimented it will be the work of the very press that condemns Greenbelt as an example of regimentation.

It has from the beginning been our conviction that Greenbelt residents have more freedom, more privileges, and more downright, unmitigated opportunities for self-expression than those of most any other community. We believe any sound reporting would disclose that to be the case.

However, for its purposes the metropolitan press has seen fit to select and distort its reports of Greenbelt so as to mislead the national public into the impression that we are dominated by a paternalistic, undemocratic, and even unpopular management.

It has played up and magnified items in the Cooperator that could in any way be used to discredit the administration; it has done nothing to report the almost unanimous civic enthusiasm of Greenbelt citizens, of which every issue of the Cooperator carries evidence.

The Cooperator and all civic forums, should serve as a sounding board of public opinion. Individuals should be able to express their ideas upon community pol-

icy to their fellows, in order to fool them out and obtain reactions, and so as to formulate, finally, the public decisions which should guide any administration in a democratic government.

If this public participation in policy formation is destroyed, if citizens become passive, accepting whatever is offered them in the way of government without positive contributions of their own, then there exists regimentism, no matter how benevolent or wise the rules.

And this is what will happen if we don't take care. Soon we will be afraid to say in public a word of criticism of our management, not because the management does not welcome it, but because it will be used by the press to help knife the project which means so much to us and to the welfare of the whole country. We may come to express only approval and therefore be unable to serve the community as far as deciding policies goes.

We must not give up our right to speak out our convictions, even though we also must not overlook the potency of the enemies of our community. The answer is, though, not to become passive in our civic life, but to become more active than ever; more active in our thinking, so that our expressed thoughts are more than the mere letting off of steam, but are instead carefully conceived contributions to community policy; and more active in community living so that we will have done all we could to make undeniable the success of Greenbelt.

But, we must be able, occasionally, to let off steam.

And, we must not be so afraid of making mistakes or of being mis-reported, that we fail to take any worthwhile actions.

SCOUTS GO CAMPING

Scoutmaster Pottit, of Troop 202, and Cubmaster Land, of Pack 202, and twenty-three boys spent last week at Camp Roosevelt on Chesapeake Bay, five miles below Seaside. We hope they will give us a report of their outing next week.

Remaining behind, the following scouts spent last Friday evening's Scout Meeting working on their merit badge requirements under the direction of Mr. Dove and Mr. Abelo: Robert Gray, Joe Louis, Earle Morgan, Clayton Conklin, James Albert, and Richard Bates.

W. R. POOLE LEAVES GREENBELT FOR BETTER JOB IN GEORGIA

By R. S. Sowell

Greenbelt lost one of its pioneers last Saturday when William Randolph Poole bade good-bye to this fair community. Bill moved here October 29, 1937 when the population consisted of 45 families.

Those were the days, in Greenbelt's history, when you could look out at night and see just a few lights here and there. Each succeeding night a few more additional lights could be located. At that time there were no street lamps and, when the moon didn't shine, this certainly was a dark place.

Immediately upon arriving Bill Poole became associated with me and others in the promotion of a weekly community newspaper. To the older residents, this story has been told many times. To the newer ones, it might not be so interesting because they had no part in it.

At any rate, the first meeting was held November 11, 1937 and the 15 persons attending decided to form the Greenbelt Journalistic Club and to publish a weekly mimeographed paper. Louis Bessmer was elected President of the club and Poole became Vice President.

The Greenbelt Cooperator thus came into existence and the first issue was published about two weeks later with the officers of the club serving in their respective capacities on the paper. President Bessmer was Editor, Vice President Poole was Assistant Editor, and so on down the line.

Poole later served as Editor, and then as Associate Editor when W. R. Volckhausen was elevated to the editorship in the latter part of February. In the Spring he resigned this position to become active on the Cooperator Organizing Committee (popularly known as the C.O.C.), a committee set up by the Greenbelt Citizens' Association to prepare for the taking over of Greenbelt's cooperatives by the citizenry. Bill was selected as chairman of the Food Store Sub-committee for the C.O.C.

(See POOLE, page fifteen)

AN EAR TO THE GROUND
by Geo. Carnes

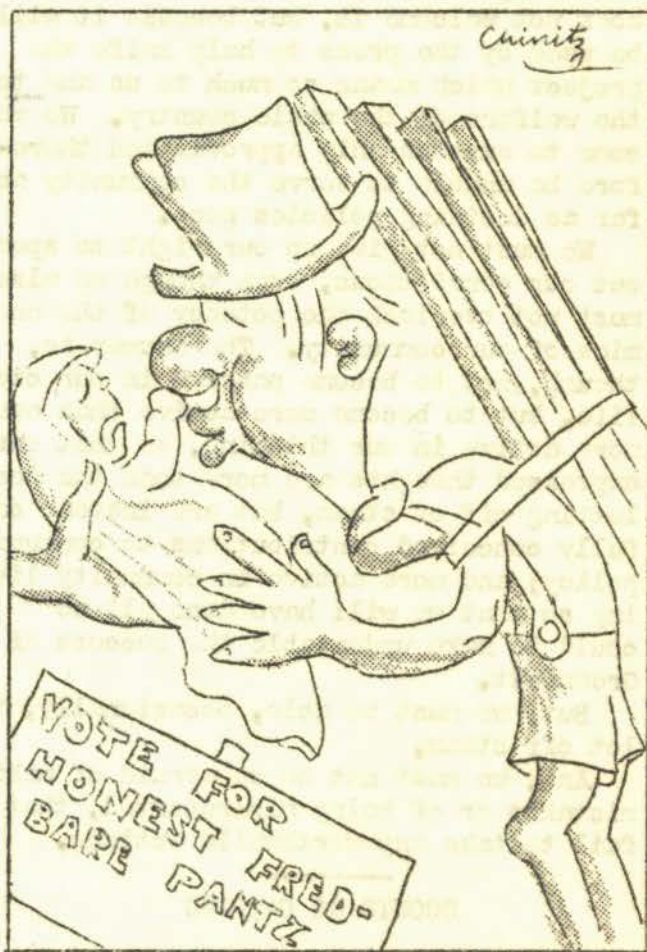

The growing clatter of Greenbelt's tiny, lawnmower-like political machines have so disturbed the equanimity of our old friend the vexatious Fredbare Pantz, that he has donned the full regalia of a part time politician and now strides with gusto and aplomb throughout the spacious limits of our fair little city.

When a hardworking newspaper man lifts his eyes for a moment from the typewriter expecting to enjoy a view of some of God's scenery, but finds the scenery includes the figures of Fredbare parading about in his piston-legged britches and rod suspendors, there is little joy to be had. But when he is subjected

to the indignity of having a person slip up behind him and give him a mighty thwack on his sunburned back, and with such enthusiasm that his beloved pipe is sent flying thru the air into a wastebasket---then I say: "May Satan take his soul! Especially if the soul happens to belong to the Pompous Fredbare Pantz!"

For the nonce, Fredbare's usually lemon countenance was wreathed in a succession of monkey-like smiles as he handed me a petition which, if enough people will sign, would put him in the race for council.

"What sort of planks do you have in your platform?" I asked warily.

"Platform," he replied indignantly, "who said anything about a platform? I'm taking my planks and building a recreation center!"

"You can't get to the council on that," says I, "You gotta be a politician."

"Politician! I can kiss babies with the best of them!" At this point he takes a step toward me, as if to demonstrate. But there we will have to leave him; for I am no man to scorn a hasty retreat --when the occasion demands.

Mrs. Greenbelt

FOOD AND DRUG EXPERT SPEAKS IN GREENBELT

Brings Exhibits for Stores

On Wednesday evening, August 10, Mr. Robert Fern of the Food and Drug Administration spoke at a meeting in the Community Center, sponsored by the Better Buyers Club with the cooperation of the Cooperative Organizing Committee and Greenbelt Consumer Services.

The interest of the audience was shown by the many questions submitted to Mr. Fern after his discussion of the activities of the Food and Drug Administration and the exhibits from the "Chamber of Horrors" now on display in the Food and Drug Stores. The forum brought out the fact that the Food and Drug Act of 1938 is superior to the law enacted in 1906. In answer to questions, Mr. Fern stated that artificial food colorings as now manufactured are perfectly safe; he said that this applies also to the color added to oranges. In regard to the use of the pain relief pills "Mildol", Mr. Fern explained that although these formerly contained a dangerous drug, at the present time they are safe for the average user; they are, however, uneconomical since the formula consists chiefly of aspirin.

Mr. Jacobsen of Consumer Services followed Mr. Fern on the program. Mr. Jacobsen stated that it is the aim of the management to give consumers reliable merchandise, and asked that the people have confidence in the integrity of the management and their desire to be of service to the community.

A program of entertainment by Greenbelt artists preceded the business of the evening. Mrs. Ruth Taylor, chairman of the meeting, introduced Mrs. Dorothea Yukl, a newcomer and a pianist of considerable accomplishment. Last year Mrs. Yukl won a contest sponsored by the National Federation Clubs for the Best American Artist.

Mrs. Marion Hersh who formerly taught violin in the public schools of New York followed Mrs. Yukl on the program.

Mrs. Mary Willis, who, before she came to Greenbelt, was Secretary to the Housekeeping Alliance of the Federation of Womens Clubs in the District, delighted the audience with a musical reading "Maud Muller", accompanied by Mrs. Hersh and Mrs. Yukl.

A picnic in honor of Dr. and Mrs. Thomas A. Christenson was given by the Town Council on August 15 at Indian Springs.

Those present were: Mr. Roy S. Braden, Dr. Francis D. Threadgill, Mr. Robert E. Jacobsen, Mr. and Mrs. Louis Bessemer, Mr. and Mrs. O. Kline Fulmer, Mr. and Mrs. Henry Mauer, Mr. and Mrs. Mabee, Mr. and Mrs. Allen D. Morrison, Mr. and Mrs. Garrett, Mr. and Mrs. McGregor, Mr. and Mrs. Frank Harris, Mr. and Mrs. Shorrod East, and Mr. and Mrs. Vincent.

LET US INTRODUCE

Mrs. Wallace F. Mabee, formerly of Minneapolis, Minnesota. Mrs. Mabee was graduated with a B.S. degree from the College of Home Economics of the University of Minnesota. Prior to coming east, she taught Home Economics at West High School in Minneapolis.

Mrs. Mabee was assistant home economist for the Russell Miller Milling Company of Minneapolis and Buffalo, N. Y., and became their eastern representative in Boston.

She has served as director of the Junior Achievement Foundation of Essex County at Westport, N.Y.; has been Home Service Director for the Narragansett Electric Light Company in Providence, R.I.; and has directed the Home Service, for the Central Maine Power Company in Augusta, Maine.

THE YOUNGER SET

By Toni Larmore

If you want to see attractive and well-mannered children, take a trip some Tuesday or Friday to the Medical Center, and take a look at the youngsters of Greenbelt. They are also being very brave about the shots in their arms when being inoculated against diphtheria and whooping cough.

We hope Suzzanne Allred's foot is much better now. Saturday Suzzanne cut her heel on a piece of slate. She has had to stay in her carriage until it could heal.

Here is a coincidence. Josiphine Sheaffer was eight months old last Wednesday, and eight teeth with which to celebrate her birthday.

The youngest and weest baby we've ever seen is little Colin Stokes Neale III, born August 11th. Colin is getting a long fine, though, under the expert care of his mother and father. "Barrie" Neale is very pleased with her baby brother.

Have any of you seen a stream-lined green and ivory velocipede lately that doesn't belong in your neighborhood? Shirley Virginia Branch, 45 D Ridge Road lost hers over a week ago, and has been unable to find it. If any of our readers has seen it, will he call up Shirley Virginia or Mrs. Branch, at Greenbelt 5651? Shirley is leaving Saturday for a vacation at Wrightsville Beach, N. Car. Wouldn't it be terrible if she has to go on a vacation without her velocipede?

Our scoop of the week is 18 months-old Toboy Weitsman. Toboy can say the alphabet, the scales, count up to twenty, and enjoys immensely filling in words of poetry her mother recites to her. She seldom forgets a name once she has heard it. Toboy has learned the lesson of neatness early, too. Unless a toy is in its proper place she has no use for it. And not a single drawer in the house can stay open. Almost before her mother gets the silverware out of the buffet, Toboy is ready to push it shut.

Sylvia Sue Norvell will be four years old tomorrow. Sylvia's greatest delight is found in dolls, doll-buggies, stoves, and other housewifery equipment about which a little lady should know. Her brother Rodney, almost two years old spends most of his time sliding down the slides of the little playgrounds. Rod-

SEE THE EXHIBITS IN THE FOOD AND DRUG STORES

There is now a table in the Food Store showing a collection of deceptive containers sent out by the Food and Drug Administration, U.S. Department of Agriculture. On Saturday, August 13, Mrs. Dorothy Rider was at the table in the forenoon, to discuss consumer problems with anyone interested. Mrs. Bertha Maryn will be at the table in the forenoon, Saturday, August 20.

In the Drug Store, there is a similar exhibit of various dangerous and poisonous beauty preparations.

Twelve year old Patricia Day, daughter of Mr. and Mrs. Carl T. Day, 3-D Crescent Road, was rushed to the Children's Hospital with a ruptured appendix last Monday, August 8. Dr. Threadgill is taking care of her, and has reported that she is doing nicely and will probably be home Sunday, August 14.

The Better Buyers Club No. 18, met Tuesday August 9, in the home of Mrs. Edith Ratzkin for a lively discussion of possible arsenic and lead poisoning from the residue on fruits and vegetables sprayed with insecticides.

Mrs. George Trotter also reviewed a chapter from "The American Chamber of Horrors" by Ruth deForrest Lamb.

ATTENTION

Just a reminder that the library at the school building will continue to be open from 10 to 11:30 A.M. each Mon., Tues., Wed., Thurs., and Fri., until Sept. 1st. One of the mothers of Greenbelt is in attendance each day.

During July the attendance of children was very satisfactory, but it has steadily decreased (probably the new playgrounds being "the stopping place before the school building is reached). It is hoped the children will again take advantage of the opportunity offered them to enjoy some good reading.

noy's and Sylvia Sue's grandmother from Knoxville, Tenn., has been visiting them this summer.

We're leaving Tuesday night for a vacation in New York. We'll see you in September.

NEIGHBORHOOD NEWS

The Cooperator is anxious to report the news from all neighborhoods of Greenbelt, neglecting no one. If your neighborhood has a reporter as indicated below, please help him or her keep us informed what you are doing. If it has no reporter, please provide us one. Names of prospective reporters may be dropped in the Cooperator Box in the Food Store.

1. 1-2-3-4-5 CRESCENT ROAD

(Myrna Carson and Ruth Henry, Reporters)

25. 16-18-20-22 PARKWAY
(Harold E. Uhpig, Reporter)

A new column, a new reporter--what a combination! Neighbors in 16-18-20-22 Parkway Road report your babies born, relatives visited or visa versa, or any other kind of a news item to me, and I, in turn, will broadcast it to the rest of the citizens of Greenbelt through the medium of the Cooperator--boy, I've got that memorized--it only took me an hour and a half to write it--but now the News Marches On.

Thad "Cakeator" Shannon and his lovely wife, Beal, of 16-B, were honored last week by a visit from Mrs. Shannon's father, brother and sister from Shannon, Miss.--Thad tried to tell me that they named the town after him--such ego-- I see where Mr. and Mrs. "Pete" Staniec, of 18-D, are visiting in Chicago with their parents, arriving home on August 17th, accompanied by Mrs. Staniec's sister for a week's visit--Congratulations to Mr. and Mrs. Clifford Phillips of 18-C who were the proud parents of a son which was named Terrell Lomoyne--just ask Cliff how it feels to be a father-- Guy and Madge Carmack of 16-A had as their guests last week Mrs. Carmack's brother and friend from Bristol, Tenn. --Say, Guy, who ever taught you to pitch horseshoes so good--I'd like to take a couple of lessons. "How do you like our new petitions?" I'll bet I've heard that a dozen times each day since we got 'em--personally I think they are an improvement.--Jerry and Ernie Oosting of 20-B and Stanley and Loraine Oslor of 18-E went to Sugar Loaf Mountain Sunday, August 7th--they reported having a good time except the "ticks" got Jerry--they also went on a moonlight boat cruise last Friday night--ain't they romantic?--ye columnist and his frau went to a wedding in Washington, Sunday, August 7th--sure brought back

old memories--but here that's getting off the subject--well, youse guys and gals who are left out of this column this week will have to report to me so we can include yo8 in our happy family next week--so until then--cheerio.

26. 15-17-19-21 PARKWAY
(Sally Larmore, Reporter)

Mr. and Mrs. William Kinsley, 19-E Parkway, are spending their vacation in Pittsburg, Pa., visiting relatives.

Mr. and Mrs. Lawrence L. Larmore and baby, Antoinette Marcia of 19-C Parkway, left last evening for a two-week's vacation, traveling through New York State, Pennsylvania and Delaware. Mr. and Mrs. Larmore will visit relatives and friends in New York City, Wappingers Falls, Mount Kisco and Schenectady.

Returning Friday evening from a vacation in Harrisburg, Pa., Mrs. Elizabeth Fickes of 19-F Parkway and son, Stanley, left Friday morning for a week-end trip over Skyline Drive. With them were Mr. and Mrs. Allan Salada and son, Donald, from Mechanicsburg, Pa.

week with her parents, Mr. and Mrs. V. Schimmel at Woodland Beach.

Miss Helen Jacksis and Miss Mae Kisner of Bridgeport, Conn. are spending the week with Mrs. Alfred Sansone, 7-B Hillside Road.

Mr. and Mrs. Anthony Terranover announce the birth of a son Anthony, Jr., born at Sibley Hospital. He weighed eight pounds three ounces. Both mother and son are getting along nicely.

Mr. and Mrs. Alfred Sansone, 7-B Hillside Road, and their children, are leaving Saturday, August 3, for a three weeks' vacation at Bridgeport, Conn.

GREENBELT REPORTERS RESCUE UNKNOWN BABY

Two Cooperator Reporters searching for odd jobs about town heard the faint cries of a baby, lost near the Greenbelt School. The reporters immediately followed the baby around the outside of the school three times hoping that the little fellow sense of direction would guide him (her) to his (her?) mother-but of no avail. The reporters inquired of a strange lady eating a sandwich and drinking a cocoa cola in the school if she knew of the child or its mother-but no one could be found to claim the lost one. At last the reporters decided to turn the baby over to Greenbelt Authorities. The Cooperator's tow cub reporters when they found Director of Public Safety, Mabec, Community Manager Braden, Mr. Fulmer and Police Officer "George" all together in the furniture store. They all grabbed for the baby, Roy. S. Braden picking it up in his arms, and protect it from the affectionate displays of others. Beans and molasses were proposed as a diet by the only yankee present. The baby was taken upstairs for a ball game-while Mr. Fulmer contacted janitors in an effort to locate its mother. The baby was finally turned over to Mrs. Stevens at 1-A Gardenway and the mother called for her baby later in the afternoon. The mother did not give her name. The Cooperator's two reporters were: Mary Jean McCarl and Therese Gertrude Hodges.

TYPISTS WANTED: At Cooperator Office
Saturday Afternoons and Evenings.

POOLE
(cont'd, from page seven)

Therefore, by joining such organizations as the Citizens' Association, the Athletic Club, the Health Association, and the Journalistic Club, you can see that Bill Poole identified himself, from the start, with the various activities which were designed to be of benefit to the community.

And he filled the various positions to which he was elected with a sincerity of purpose and diligence seldom equalled.

"Every time I come up that hill," Bill said to me last week (he was referring to the walk from the Community Center to his house), "I think of this beautiful place and how I hate to leave it." You see, he got a better job than the one he had in Washington, one that promised him more of a satisfactory future. The new job is located in Georgia.

We regret losing you and your family, Bill, but all of us hope you will have a successful future in your new position.

MRS. JESSE LETKEMANN CONVALESCING
AT HOME IN GREENBELT

Mrs. Jesse Letkemann, 2-D Woodland Way, who was recently treated by Dr. Francis D. Threadgill at the Emergency Hospital in Washington for an infected hand and arm, has returned to Greenbelt and is convalescing at her home.

WELL-BABY CLINICS

The Well-Baby Clinics on Thursday and Friday of last week were well attended again, according to a report by Dr. Thomas A. Christensen, Health Association physician.

Dr. Christensen stated that 27 babies received inoculations to prevent disease during the immunologic clinic on Thursday, while 30 babies were examined by him at the regular Well-Baby Clinic held on Friday.

Mrs. Rae Weatherby and her clinic workers were in charge of routing the patients through and Mrs. Garrett, Greenbelt's Public Health Nurse, was also in attendance taking care of the public health end.

SPORTS

"BATTER UP"

By Lester M. Sanders

It's still going on at the Softball field. The results of this week have made it very evident that the 3rd series has become a very mixed up affair. With all the undefeated teams suffering setbacks this week.

Monday found the Bees taking a trouncing from the Red Birds after a close struggle by the score of 7-6. Resnicki pitched a very commendable game for the Red Birds and their smart defensive play gave them the deciding run.

Tuesday evening saw the Bombers return to form to avenge that terrible game of last week and set the Outlaws down for their first defeat by score 7-2. Playing a closer defensive game behind the dependable pitching of Trumbule the Bombers were out in front right from the start.

Wednesday's game was washed out by a heavy downpour late that afternoon.

Thursday was the night for the settlement of the dispute for Block supremacy of B Block. The Bees suffered their second setback of the week as the Bombers beat them by the score 5-2. Starting off in the first inning by scoring three runs the Bombers had the advantage from then on with the Bees scoring their two runs in the sixth.

Friday's game between the Cee Lions and Snob Hill ended in a deadlock after seven innings at 4-4. Darkness crept upon the scene all too soon and the making of a splendid ball game ended in a tie. This game will be replayed at some later date.

Saturday afternoon's game was a fine game from the spectators standpoint as there was a thrill every minute. The Cliff Dwellers won again to set down the Outlaws by the score 10-7. With Barker slugging out two homeruns for the Cliff Dwellers and doing a splendid job of relief hurling and East of the Outlaws, who also hit a homerun, this showed the way for both teams.

The league standing for this series seems to be an open affair with many tough games to be played by all of the leading contenders, which should show the way for the apparent winner by next week.

JUNIOR LEGION BASEBALL

The Greenbelt Junior Legion Baseball Team is relaxing over this week as many of the players are away and no game was scheduled for this reason. The fans are all on edge awaiting the next games of our future big leaguers. The game that was scheduled to be played at Walter Reed Hospital was cancelled and it is expected to be played at a later date.

G.A.C. VERSUS NAVY DEPT.

The local boys playing under the banner of the Greenbelt Athletic Club played a sensational game last Saturday against the strong team from the Navy Department. After eleven innings of play with the score deadlocked at 3 all the game was called in order to let the regular league game start on time. The G.A.C. team was hitless for six innings and with Sanchez up first in the seventh to start off the fireworks with an infield single and then Bauer came along with a double to place runners on second and third with no outs. Krebs worked a free ticket from the opposing pitcher to fill the bases. Trumbule then stepped into one for a clean single to score Sanchez and Bauer and Krebs moving over to third on the play. McDonald struckout and Barker made a neat sacrifice to score Krebs standing up. This of course evened up the score and the local boys could not solve the delivery of the opposing pitcher for anymore hits. Hall of the Navy team was the leading slugger for the visitors by collecting three singles off the slants of Barker.

Next week at 3:00 P.M. the G.A.C. team will meet an out-of-town team. These games need your support and all present can be assured a fine ball game.

BOX SCORE GAME OF AUGUST 13, 1938.

FLASH!!! SNOB HILL DEFEATS THE BEEES

Sunday morning the boys from over on Snob Hill outplayed the Bees from B Block and won a very thrilling ball game by the score of 2-1. Marack gave up six hits while Phil Taylor allowed but four hits. These are the kind of games that all the fans like, with that tight defensive and offensive play holding the score close.

SPORTS REPORTERS WANTED

The Sports Staff of this paper can use any additional assistants that may desire associate themselves with the paper. It is believed that more news on various sports should be covered by the paper but due to the size of the staff it has been a very difficult problem to give you the sport news on all subjects.

CHILDREN'S PAGE

"O" IS FOR ODYSSEY

Many, many years ago, even before Greece became the greatest nation in the world, a man named Homer wrote some beautiful and thrilling stories about great Greek warriors.

One of the warriors was Odysseus (sometimes he is called Ulysses), and the story about him is the Odyssey. The word "odyssey" has come to mean "journey" now, because the Odyssey is the story of the wanderings of Odysseus.

Odysseus was away from home for twenty years. He left his beautiful young wife and his sturdy little boy to join the Greek army in its fight against the Trojans. The war lasted for ten years and might have lasted longer than that, had it not been for a trick Odysseus suggested.

He told the Greeks to build a great and beautiful gift for the Trojans—a large wooden horse. It would not really be a gift because inside of it some Greek soldiers would hide. So the Greeks built the horse and presented it to the Trojans and then they pretended to go away as if the war were over.

The horse was so big that the Trojans could not get it into the city without tearing down part of the city wall. But they got it in, never suspecting that enemies were hidden within it. That night the Greek army came back. The men in the horse climbed out and unlocked the gates of the city of Troy and the Greeks came in and captured it.

Having won the war, the Greeks started for home, but the ship of Odysseus got lost. It passed the fatal rock where the sirens sang such beautiful songs that sailors forgot to keep their ships away from rock and were shipwrecked. Odysseus made his men stuff their ears so they could not hear the sirens sing.

Odysseus and the sailors on his ship landed on the enchanted isle of Circe. With her magic, Circe changed some of Odysseus' companions into animals, but he forced her to change them back and stayed with her for a year.

NEW STORY HOUR

Saturday night, August 13, the girls and boys of Greenbelt met at the central playground for a new story-telling hour. Song sheets were passed around, and we started off by singing "Hail, Hail, the Gang's All Here!" Other songs were sung, led by Mrs. Fulmer.

Mr. Maboo was asked to talk to us about safety on the playground. He told us how it is better to prevent accidents than to let people get hurt and be cured.

Phyllis Warner told us a story about the Chinese Boy and the Mirror. She recited a couple of poems and Mrs. Loftus recited a poem about "Mustn'ts".

Mrs. Fulmer taught us a song, "The Three Pigs". It has grunts and whistles in it.

We played Birds Fly.

We ended by singing "Goodnight, Ladies".

Marilyn Maryn

DO YOU KNOW?

Who invented electric lights?

Of all the foods in the world, which one is eaten most,

Does a lead pencil contain lead?

ATTENTION, BOYS OF BLOCK "D"

All boys who live in block "D" belonging to the Junior Citizens Association who would like to be on the softball team report at the men's field on Ridge Road at 10:30 A.M. Friday, August 19.

Odysseus also spent several years with a sea nymph named Calypso.

Finally, he was shipwrecked and washed up on shore not far from the home of a friendly and generous king who gave him fresh clothes and a ship to go home in.

When Odysseus arrived at Ithaca where his castle was, he found the building filled with men who wanted to marry his wife. But she, Penelope, had been faithful to Odysseus, sure that he would someday return to her.

DR. CHRISTENSEN'S OFFICE HOURS

Following are Dr. Christensen's office hours at the Medical Center:

Monday.....10-12; 4-6; 8-9
 Tuesday.....10-12
 Wednesday.....10-12; 4-6; 8-9

U.S. CHOICE BEEF PRICE TOO HIGH!

Who doesn't like quality when it comes to eating meats?

We all do. The policy of your Co-op Food Store has been to carry nothing but U.S. Choice Beef. When the Meat Department opened last December the difference in price between U. S. Choice and U. S. Medium was so slight that it was thought wisest to carry only the Choice grade which is considered the best. Now, however U. S. Choice Beef has been steadily going up and is getting scarce. This is mainly due to the effects of the cattle shortage last year. Medium Beef supplies are more plentiful and much more reasonable in price. It looks as though this market situation will continue for some months.

We realize that as much as some of you would like to eat Choice Beef you just simply cannot afford to with your present incomes. So what? The answer is that your Food Store will sell two grades of meat from now on - U. S. Choice and U. S. Medium. Of course, the Medium will not eat as well as the Choice but it has the same nutritive value and is just as fresh and wholesome. Our clerks will tell you honestly which is which when you buy beef. Also, look for the government grade as a further guarantee that you are getting what you are paying for.
